

SEL 3 SIGNATURE PRACTICES

Weave the signature practices throughout the day, every day, as a regular part of planning and facilitating lessons, meetings, and professional learning.

They help us build and practice social and emotional skills and create a climate of belonging for everyone, building strong, equitable, effective learning and working environments.

INCLUSIVE WELCOME

Open each class period, meeting, or professional learning experience with an inclusive welcome to build community and connect to the work ahead.

ENGAGING STRATEGIES

Embed engaging strategies throughout the experience. Build in a balance of interactive and reflective experiences that vary in complexity and style to meet the needs of all participants and your intended outcomes.

INTENTIONAL CLOSE

Close each experience in an intentional way that builds a bridge to a next step.

The closing activity may be reflective of the process or the content, help identify next steps, make connections to one's own work, or show appreciation for one another.
