Review information about Unit 1 in Google Classroom. Take notes in your notebook. Follow directions and complete all assignments that are there. Review deadlines and submit the evidence of your work in Google classroom. Bring your notebook with your notes on the first day of class.
AP Comparative Government and Politics	Join the Summer 26-27 AP CoGoPo class on Google Classroom using code:pwdft3f3 There is a Google Doc linked under the topic Summer Work that provides an introduction to the topics covered throughout the year and the six course countries. Detailed instructions on how to complete the information can be found in the document. Be prepared to share your answers during the first full week of school.

	This assignment is due August 9th.  Copy of APSummerWork
AP Computer Science Principles	Join the SUMMER AP CSP_2026 class on CodeHS. You can sign up using the following link: https://codehs.com/go/13A85 Instructions: Complete Unit 1: Introduction to Programming For each lesson, please follow these steps carefully: • Watch the lesson videos • Take organized notes in your notebook • Check your understanding by completing the quiz • Watch the example programs provided • Complete the practice exercises Important: Submit all your lessons by Thursday, July 30th, 2026. Bring your notebook with your notes on the first day of class. Looking forward to a great start—see you soon!
AP English Language	 *AP Language Summer HW 2026 Follow along with the directions in the attached Google Doc. This will include doing the following: - Choosing one of the three memoir options to read over the summer. - Taking notes (which are explained in the Doc.) in a physical notebook. - Coming to class at the beginning of the next school year ready to discuss your chosen memoir.
AP English Literature	AP Literature Summer Work You will be required to read a NOVEL of your choosing over summer. As you read, I have created a document for you to take notes and write commentary about the major Literary Strands that we will cover in AP Literature (Do not worry, you will learn and understand with time). 1. Read your novel, an approved list is in the attached document. 2. Keep notes on each literary strand (character, setting, narration, figurative language, structure) 😊 See you all soon!
AP Environmental Studies	• Please review the following document and watch all attached videos. • There will be an entry quiz at the beginning of class.
AP Human Geography	1. Use this resource to memorize every country in the world: https://www.geoguessr.com/vgp/3199

	2. Use this link to join (or this code: 7vkf43ls) AP Human Geography Summer Google Classroom. Pay attention to assignments and announcements that may be posted throughout the summer to prepare you. There will be an assessment that will test you on the summer work in the first week of class in August.
AP Macroeconomics	1. <u>Read</u> the graphic novel titled: “The Cartoon Introduction to Economics, Volume II, Macroeconomics” by Grady Klein and Yoram Bauman, Ph.D. (2011). You may download this book to your kindle or buy a physical copy of the book.  2. Use Post-It notes (or Kindle notes) to <u>summarize the key ideas, make note of new vocabulary, and write down important economists</u> from each chapter. 3. This summer reading should give you a head start on a lot of the big ideas and key vocabulary for the class. It is critical that you take this reading seriously so that you have some background when you enter the class. 4. Complete the assignment on this document. 5. <u>Create your OWN economics cartoon strip</u> either summarizing something that you learned from the book OR showing how you feel about getting ready to take AP Macroeconomics. 6. <u>Bring your economics cartoon with you physically to class</u> so we can share them. That means you should print it, if you create your cartoon digitally, or bring it with you physically if you are doing your own art! 7. You will also <u>bring your book and the notes you take</u> to answer some comprehension questions in the first days of class.
AP Microeconomics	1. <u>Read</u> the novel titled: “How to Teach Economics to Your Dog: A Quirky Introduction” by Rebecca Campbell & Anthony McGowan. (2022). You may download this book to your kindle or buy a physical copy of the book. You can

also use the audiobook version, but you will need to take physical notes while listening.

This summer reading should give you a head start on a lot of the big ideas and key vocabulary for the class. It is critical that you take this reading seriously so that you have some background when you enter the class.

The preamble of the book sets up the premise. An economist takes her dog on walks and talks about economics with the dog, Monty.

Please note: The book is divided into a micro portion and a macro portion by topic.

If you are doing the summer work for AP Microeconomics:

- Read from the beginning. Walk #1-9, and optional Walk #16 and 17.

Also - if you enjoy the book you can read all of it, regardless of past knowledge. It's a great read!

2. Use Post-It notes (or Kindle notes) to annotate as you read! Summarize the key ideas, make note of new vocabulary, and/or write down important economists from each chapter (each "walk"). This way, you can refer back to your sticky notes easily when discussing the book.
3. Complete the assignment in the appropriate tab of [this document](#).
4. You will also bring your book, the annotations, and your assignment to participate in a discussion about the book in the first days of class.
