

Fettes College

ACADEMIC
SCHOLARSHIP

Introduction

from Deputy Head (Academic)

“

At Fettes we seek to provide exceptional teaching that will inspire a lifelong love of learning in all our students. Becoming an Academic Scholar is therefore about more than just achieving impressive academic results; it is about demonstrating academic potential, intellectual ambition and curiosity well beyond the curriculum, as well as a desire to lead the learning of others in our community. The opportunities that then come with Academic Scholarship allow our most able students to enhance their knowledge and understanding of their chosen discipline, to develop their talents and to shine. They will leave us prepared for making the most of their competitive university applications and also for becoming academic leaders beyond life at school.

What to wear and what to bring with you

We want students to feel comfortable

Please wear your school uniform or alternatively smart comfortable clothing. If taking a Sports Assessment, games kit is absolutely fine.

We recommend you do not wear a Smart watch of any description, and do not bring a mobile phone. If you do bring these with you, we will ask you to leave these at reception. Please do bring a clear water bottle and clear pencil case.

“

As a scholar, I am challenged and given opportunities outside of the school curriculum to further expand my knowledge and skills, such as Paramecium and the critical essay writing competition. Through opportunities such as these, I can recognise how far I have come since Third Form, as I have been taught how to challenge and use my knowledge to the best of my ability.
