

## BOYERTOWN AREA SCHOOL DISTRICT

*Home of the Bears*

June 2026

Dear Rising MSE 6<sup>th</sup>-8<sup>th</sup> Grade Students, Parents, and Guardians,

We hope that you have a safe and enjoyable summer and will enjoy some restful and fun days during the break. Students have been provided with their summer reading assignments in their 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> grade classes and are expected to have at least one book read and ready to use for opening assignments in their ELA classes this coming fall. These lists will be posted on our [Website](#) under “Academics” and will continue to be a part of summertime emails.

We are frequently asked to provide resources for students to help keep their math skills strong and prepared for the next grade level. We have provided some resources that are both online as well as printable copies (with answer keys), for you to use as you see fit. Unlike summer reading, these [Math Resources](#) are not a requirement, but rather an available resource if you would like to use.

Should have any questions about the upcoming year, please don't hesitate to reach out to MSE this summer.

Regards,

Andrew T. Maoury, MSE Principal
