XVII. PRODUCT SPECIFICATION

Milk/Milk Products

Below are found instructions to bid on Milk Service for the Boaz City Child Nutrition Program 2026/2027 school year. These specifications form the basic service for the period of August 1, 2026 to July 31, 2027.

1. Price Escalations/De-escalation: All prices shall be firm for 30 days, after which prices for milk can escalate or de-escalate in accord with changes in Class I raw milk prices based on monthly Federal Milk Order announcements for the applicable geographical zone. Prices for milk delivered can be escalated or de-escalated at the rate of \$0.001 per half pint for each full \$0.15 increase in raw milk per hundred weights. Any changes (up or down) in price must be announced to school district officials by the 15th of the month preceding the month in which the change will occur. Any changes in prices must be accompanied by a copy of the Federal Milk Order. Suppliers are also requested to submit conversion calculations showing manner of arriving at amount of change. Whereas, the escalation formula contained herein should apply to 95% of the petitions for price escalation, allowances will be made for occasional add-on escalation of raw milk prices by local dairy farmers which are over and above the price escalations permitted by Federal Milk Orders.
2. Only Grade A pasteurized fluid milk and fluid milk products from a source which has attained and is maintaining a Sanitation Compliance Rating of not less than 90%, and which has been approved by the State Health Officer will be acceptable. All milk shall be subject to inspections after arrival at destination. The schools reserve the right to return the product in any instance where the milk fails to meet required specifications. Milk failing to meet specifications included herein shall be reason to cause termination of contract.
3. For bidding purposes only, the approximate daily volume will be 1400 ½ pints of milk. This does not, however, constitute a commitment to purchase this quantity during the time of this contract. The delivery points will be five (5) schools per day.
4. The low bidder will remove milk cartons from the case and place them into the coolers at the time of delivery. Milk left over from previous delivery is to be first in, first out rotation to ensure that the unused milk from the previous delivery will be used first or

replace said unused milk and/or unsatisfactory milk (off flavor, damaged containers, etc.) with fresh milk, each day at no cost to Boaz City Schools.

5. The Board of Education will remove all used milk cartons from the school premises.
6. The low bidder must agree to deliver fresh milk that has not been processed more than three days. The low bidder must agree to pick up and credit excess milk on hand prior to holidays and other times as school officials may reasonably request.
7. All products must meet standards set by State and Local Health Authorities as to production, processing, purity, and approved containers. It is to be delivered and maintained at a temperature of not more than 41 degrees and not less than 35 degrees Fahrenheit. The school system reserves the right to return any product not meeting these standards at no cost to the school system.
8. Low fat milk is milk from which a sufficient portion of milk fat has been removed to reduce its milk fat content to not more than 1.0%. Low fat milk shall be fortified by the addition of Grade A nonfat dry milk. The total nonfat milk solids content of the product shall be not less than 10%. Skim milk should contain only a trace of fat.
9. Vitamin D shall be added to all milk in the amount of 400 U.S.P. units per quart. Vitamin A shall be added to low fat milk in the amount of 2,000 U.S.P. units per quart.
10. If the state/federal guidelines are changed during the length of this bid and the renewal period of this bid, the intention of BCS is to remain in full compliance with the USDA and the state department.
11. With both whole and reduced fat milk being allowed per USDA guidelines for this school year, BCS will add these milk fat options as listed on proposal form. Usage has been estimated for these new items and the usage for the fat free and lowfat milk has been adjusted with estimated usage.
12. In order to remain in compliance with the meal guidelines for added sugars, flavored milks should contain no more than 10 grams of added sugars per 8 fluid ounces. It is our intention to be in compliance with all the federal and state guidelines. Vendors must meet all guidelines including the added sugar restrictions to be considered for the bid.
13. A sufficient quantity of milk must be maintained locally in order to provide a replacement supply of milk within one hour to any school when the delivered product proved to be unacceptable, or if the supply of milk in the school is lost.
14. Milk crates are to be steam cleaned on a monthly basis.

Notice of Alabama Immigration Law Compliance Requirements to all Contractors of Local Board of Education

As a Contractor to the County Board of Education ("Board"), it is critical to your relationship (future or continuing) with the Board that you comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act.

Under the law, every prospective contract entered into by the Board with a contractor will contain the following clause or one substantially similar:

Alabama Immigration Law Compliance Contract: Contractor agrees that it will fully comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, which makes it unlawful for an employer in Alabama to knowingly hire or continue to employ an alien who is or has become unauthorized with respect to such employment or to fail to comply with the I-9 requirements or fails to use E-Verify (if applicable) to verify the eligibility to legally work in the United States for all of its new hires who are employed to work in the State of Alabama. Without limiting the foregoing, Contractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien, and shall have an officer or other managerial employee who is personally familiar with the Contractor's hiring practices to execute an affidavit to this effect on the form supplied by the Board and return the same to the Board. Contractor shall also enroll in the E-Verify Program (if required) prior to performing any work, or continuing to perform any ongoing work, and shall remain enrolled throughout the entire course of its performance hereunder, and shall attach to its affidavit the E-Verify Program for Employment Verification and Memorandum of Understanding and such other documentation as the Board may require to confirm Contractor's enrollment in the E-Verify Program. Contractor agrees not to knowingly allow any of its subcontractors, or any other party with whom it has a contract, to employ in the State of Alabama any illegal or undocumented aliens to perform any work in connection with the Project, and shall include in all of its contracts a provision substantially similar to this paragraph. If Contractor receives actual knowledge of the unauthorized status of one of its employees in the State of Alabama, it will remove that employee from the project, jobsite or premises of the Board and shall comply with the Immigration Reform and Control Act

of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. Contractor shall require each of its subcontractors, or other parties with whom it has a contract, to act in a similar fashion. If Contractor violates any term of this provision, this Agreement will be subject to immediate termination by the Board. To the fullest extent permitted by law, Contractor shall defend, indemnify and hold harmless the Board from any and all losses, consequential damages, expenses (including, but not limited to, attorneys' fees), claims, suits, liabilities, fines, penalties, and any other costs arising out of or in any way related to Contractor's failure to fulfill its obligations contained in this paragraph.

To the extent that either there is no formal written contract between the Board and the Contractor (such as where business is conducted by purchase order), or if the parties neglect or fail to include the above language in a formal written contract, this document shall serve as the Alabama Immigration Compliance Contract and the provisions set forth shall apply fully to the Contractor.

Title 2: Grants and Agreements PART 200—UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS Subpart F—Audit Requirements Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
