

PALM SPRINGS UNIFIED SCHOOL DISTRICT
Palm Springs, CA

PUBLIC NOTICE

Palm Springs Unified School District (PSUSD) hereby gives notice pursuant to PSUSD procedure guidelines to notify all interested parties that the project described below will conduct a public hearing on **June 23, 2026**, at 6:00pm at the 150 District Center Drive Palm Springs, California to receive input from the public on the below project.

Project Location and Description:

Rancho Mirage High School, located at 31001 Rattler Road Rancho Mirage, is proposing to replace the current 70-foot sports lighting pole with a new 100-foot pole that includes a cellular antenna at the top of the pole. Cellular coverage is poor in the Rancho Mirage High area, and the new cellular tower will improve communication capabilities between school staff, first responders, and public safety agencies during emergency situations.

A copy of the proposed cellular facility layout with locations and pole height is available at the PSUSD webpage <https://www.psusd.us/departments/f/facilities-planning-development/community-notification> or you can request a copy of the cellular facility layout at facilities_planning@psusd.us

Questions and comments may be submitted to: facilities_planning@psusd.us

Facilities Planning & Development Department can be reached at 760.883-2710.

Dated: May 29, 2026
