**Welding - Auto Collision - Auto Tech - Diesel Tech-**  
**Electrical**  
**Building & General Maintenance Tech.**  
**Career Technical Initiative**  
**Applications open late May of 2026**  
**Classes start fall of 2026**

The CTI program covers all costs including tuition, textbooks, certifications - and includes career-readiness workshops, transportation assistance, and follow-up support after participants find jobs.

To qualify, students must be:

- 18 years or older upon program completion
- A Massachusetts resident
- Legally able to work in Massachusetts
- Unemployed or have an annual income of less than \$51,600 gross or \$24.80/hour). Most recent high school graduates qualify as under-employed.

Prospective students must complete an application and interview process before the start of classes in September. Students must be willing to commit 200-300 hours of training. Enrollment is limited to 10 to 12 students per program. Applicant recruitment and screening will be conducted jointly by Bay Path and the MassHire Career Centers in Southbridge and Worcester.
