Public comment is an important component of transparent governance, and participation is encouraged when conducted in a respectful and orderly manner.

All individuals wishing to speak must sign in prior to the start of the meeting. Individuals must provide their name, address, school district of residence, and group affiliation, if applicable.

Speakers must be recognized by the Board President or Vice President of the Board prior to speaking. Each comment is limited to three (3) minutes.

No individual may speak more than once on the same topic unless all other individuals who wish to speak on that topic have had the opportunity to do so.

All comments and questions must be directed to the Board President or Vice President of the Board, and to the Board as a whole. Dialogue between speakers and individual Board members is not permitted.

The total time allocated for public comment is limited to thirty (30) minutes per meeting.
