Prep School - Summer 2026

WELCOME

Life at Stonar is enriched by a vibrant co-curricular programme. We offer an extensive range of co-curricular activities throughout the Prep School and there is always plenty going on with which the pupils can get involved. The programme changes termly, with over 20 different clubs and activities for all interests. Activities begin at 4.15pm, following a light snack, and last for at least 45 minutes.

As always, our pupils are actively encouraged to try new things. Pupils acquire new friendships, gain confidence and newfound skills and experiences as they mix with pupils outside of their peer and tutor groups. It is often at Stonar Clubs that lifelong memories are made.

We are delighted to present the Stonar Clubs programme for the Autumn Term. Activities fall under three different categories:

- Sport
- Enrichment
- Creative & Performing Arts

Please note the following:

- Many clubs are only suitable for certain year groups and you'll see that these are shown next to the club.
- Most clubs are open to all pupils, however, there are some that are by invite only and these do not normally appear on the online booking system.
- Certain sports training clubs will be compulsory for pupils selected to represent the School on match days.
- A minority of clubs have an extra cost associated with them and these will be highlighted next to the club's description.

Online booking for Stonar Clubs via SOCS will be available from **Wednesday 15 April** until **Tuesday 21 April.** Clubs will start on the first day of term.

SOCS can be accessed via My School Portal: https://stonarschool.myschoolportal.co.uk/ Instructions on how to use SOCS for signing up to clubs can be found here: https://parents-pupils.socs.tech/support/solutions/folders/201000041333

Do please try and sign up in advance of the start of term as some clubs have a limited number of places and these will be allocated on a first come first served basis.
