## Words from the Interim Director Ronda Carter

As we approach the end of another successful school year, I would like to take a moment to celebrate one of our greatest accomplishments. I am incredibly proud to announce that we have 13 graduates who will be participating in our graduation ceremony on June 11. Each of these students has demonstrated perseverance, dedication, and resilience in reaching this important milestone. Their success is a testament to their hard work, the support of their families, and the commitment of our staff. We look forward to celebrating this special achievement with our graduates and their loved ones.

I would also like to recognize the tremendous effort our students put forth during NWEA testing this year. Parents, please be on the lookout for a letter coming home regarding your student's NWEA growth results. Students who met or exceeded their NWEA growth goals may have earned incentive days off as a reward for their hard work and academic progress.

Thank you for your continued partnership and support throughout the school year. Together, we are helping our students achieve great things. Please contact us if you have any questions at (810) 412-8655.
