Farmington High School Dual Credit Contract

1. Failing a dual credit class may result in not graduating from high school or being placed on academic probation at SJC. It is the student's responsibility to contact the Student Achievement Center and resolve suspension issues before they can be registered for any more classes.
2. Failing a dual credit class WILL result in the student being INELIGIBLE to participate in any club, sport, or activity that has an eligibility requirement for participation.
3. All SJC textbooks must be returned to the SJC library when the class is complete. Students who do not return their textbooks will be charged for the cost of the textbook.
4. Students who earn a grade of C or lower in a dual credit class could jeopardize their eligibility for the New Mexico Lottery Scholarship. Students who withdraw from courses with a "W" will be affecting their completion rate at SJC and could jeopardize their financial aid eligibility after high school graduation. Financial Aid requires a 67% completion rate.
5. All contact regarding dual credit class material/questions should be between the student and the SJC instructor.
6. For athletic eligibility, all FHS students must be enrolled in a minimum of 4 classes at the high school. Dual credit classes can count towards that minimum . If a dual credit student drops a dual credit class, leaving him or her with less than four classes, the student must add an additional class at FHS to remain eligible for athletics.
7. Both ENGL 1110 and 1120 must be passed to substitute for English 12. US History I and US History II must both be passed to replace the high school US History graduation requirement. Western Civilization I and Western Civilization II must both be passed to replace the high school World History graduation requirement.
8. All tuition, fees, and textbooks are provided for dual credit students. However, required supplies for a class are not provided and must be purchased by the student.
9. When choosing to take an 8-week class, please be aware of the following:
    - 8-week classes are full courses but completed in half the time. The pace is much quicker and typically there is more work required outside of the scheduled class time.
    - Drop dates are different for 8-week classes than the drop date published by the college, which is for semester-long classes. <u>It is the student's responsibility to know all important dates, including the last day to drop their 8-week class.</u>

Student's Name (please print) _____

I have read and understand the above information regarding dual credit classes.

Student's Signature: _____ Date:_____
