## School Year 2024-2025

**School Highlight:** During the past year, iEmpire Academy in San Bernardino accelerated and mitigated learning for all students in grades 2–5 by integrating hands-on, Career and Technical Education (CTE)–aligned projects that connected core academics to real-world applications. Through a Multi-Tiered System of Supports (MTSS), regular NWEA MAP assessments, and targeted small-group instruction, the school provided personalized intervention and enrichment. Students engaged in entrepreneurship and design challenges that built 21st-century skills such as problem-solving, collaboration, and digital literacy, while technology-based adaptive programs supported individual learning needs.
