

The **ACCESS** Service program provides component districts with expert guidance, practical resources, professional learning, and customized support to advance district priorities and improve outcomes for all students, including general education students, English Language Learners, and students with disabilities.

With a value-packed subscription, districts receive tailored support aligned to local priorities and New York State expectations. ACCESS helps districts advance implementation of the [New York State Portrait of a Graduate](#) (“the Portrait”) by ensuring Culturally Responsive-Sustaining Education (CR-SE) remains embedded within planning, curriculum, instruction, student support, and professional learning opportunities. Program offerings are grounded in the NYS PSELs [Professional Standards for Educational Leaders], NYS Teaching Standards, [Seal of Civic Readiness](#), [Dignity for All Students Act](#), and other NYSED policies and initiatives.
