SPECIAL MEETING MINUTES

A Special Meeting of the Springfield School District No.19 Board of Education was held on May 5, 2026.

1. CALL MEETING TO ORDER

Board Chair Jonathan Light called the Springfield Board of Education Special Meeting to order at 5:03 p.m.

A. The Pledge of Allegiance.

Chair Light led the room in the Pledge of Allegiance.

B. The Land Acknowledgement:

Vice Chair Amber Langworthy shared the following Land Acknowledgement:

We acknowledge that we are in the traditional homeland of the Kalapuya people, specifically the community that was known as Chifin, the area that we now call Springfield.

Kalapuya people, who have lived in this region since "[Time Immemorial](#)", were illegally dispossessed of their land and forcibly removed to what are now the Grand Ronde and Siletz reservations over several years, but most notably in treaties between 1851 and 1855.

The Kalapuya are now members of the [Confederated Tribes of the Grand Ronde](#) and the [Confederated Tribes of Siletz Indians](#), and members of the Kalapuya still live, work, study, and thrive in this area, and continue to make important contributions here in Springfield, across the land we now refer to as Oregon, and around the globe.

This information is shared out of a responsibility to prevent the erasure of Native culture, heritage, and people and to ensure a quality contemporary education for future generations.

Attendance

Board Members in attendance included Board Chair Jonathan Light, Board Vice Chair Amber Langworthy, Director Bob Brew, and Director Ken Kohl. Director Nicole De Graff was absent.

District staff and community members identified included Ruth Sylvester, Jeff Michna, and Miranda Cyr.

Director Kohl noticed a discrepancy in the numbers, to which Brett Yancey acknowledged the transposed error and amended the total bid cost from \$462,191.50 to \$482,191.50.

Director Kohl questioned the contracting process, specifically whether board approval is required for special procurements over \$250,000.

Yancey explained that purchasing off the state award contracts is an exception to procurement law and does not require board approval.

Chair Light called for a roll call vote. Chair Light asked each Board member to indicate if they approve the agreement for Summit 17 Solutions to provide security system replacement through

Director Brew supported the proposed changes, highlighting the importance of board members being able to schedule visits directly with building leadership rather than going through multiple layers of administration.

Director Langworthy shared personal experiences of being blocked from visiting schools and expressed a desire for a policy that works for all board members.

Director De Graff questioned the consistency of Director Langworthy's complaints, suggesting a need for board roles and responsibilities training.

Chair Light clarified that the proposed changes do not restrict current practices and emphasized the importance of defining informal visits.

Director Kohl was not in support of the policy change, emphasizing the importance of a good working relationship with the superintendent.

Acting Superintendent O'Mara suggested tabling the discussion and seeking advice from OSBA on potential policy changes.

F. Springfield Education Association (SEA) Ability to Comment at Board Meetings

Director Langworthy proposed allowing the SCA to have a dedicated space to share updates at board meetings, similar to public comment.

Director De Graff questioned the necessity of a special space for the SEA, suggesting that public comment already provides an opportunity to share and that it was not a good idea for political or advocacy groups to be provided a special space.

Chair Light supported the idea of providing a dedicated slot for the SEA.

Director Brew suggested a six-month trial period to see if a dedicated space for SEA would work effectively.

Director Kohl stated he would support it as long as the board was only listening to their report and not veering into negotiation issues.

**SPRINGFIELD PUBLIC SCHOOLS
2025-2026 Revenue/Expenditure Forecast
As of May 31, 2026
Please see attached report**

REVENUES:

- Current year tax collections are projected for 100% collection, while prior year tax collections have exceeded estimates due to a large collection in May 2026. To date \$33,185,999 has been collected in current year property taxes, which equates to 98.4% of anticipated budget. Additionally, \$584,392 has been collected in prior year tax collections which equates to 146.1% of anticipated budget. This report is based on the information received through the Lane County Tax and Assessment office.
- The district's most significant portion of revenue is the district's scheduled Basic School Support payments through the Oregon Department of Education. The district projects to receive approximately \$90.91 million for the current year based on 2025-2026 projected enrollment and the allocation designated by the Oregon Department of Education on the most recent estimate (5/1/2026). The projected SSF revenue is less than originally budgeted (\$92.23 million) due to enrollment being lower than projected, but does include an assumption of receiving \$394,822 in High-Cost Disability reimbursement for the current year, \$268,204 reconciliation from 2024-25 High-Cost Disability, and \$276,228 reconciliation from the 2024-25 State School Fund. Including the prior year reconciliations, assumption for High-Cost Disability for the current year, and accounting for bus depreciation (\$560,086); the State School Fund is projected to be received at 98.99% of budgeted resources.
- In early September the district learned that there was a reconciliation payment of Secure Rural Schools Act (Federal Forest fees) due to Springfield Public Schools totaling \$780,512, which has been received. This reconciliation is related to underpayments by Oregon Department of Education between 2017 and 2020 and may be allocated as an inclusion to State School Funding.
- The district is anticipating receiving approximately \$250,000 in County School Funds. To date the district has not received anticipated funds.
- The district is anticipating receiving approximately \$1.4 million in Common School Funds. To date the district has received \$1.52 million of anticipated funds. No further Common School funds are anticipated.

EXPENDITURES:

- Projected salary expenditures are based upon staff allocations adopted during the budgeting process, the result of a ratified certified collective bargaining agreement (resulting in reductions), and is estimated using actual and projected data (per previous year-end estimates). The current projection of 98% expenditures for salary related items based on prior trends and have accounted for balance of contract payouts in June 2026.
- Benefit amounts are based upon projected staffing expenditures and are directly tied to the salary assumptions and are currently anticipated to be 93% expended. This projection will change slightly as the year continues.
- The purchased services and capital outlay expenditure projections are based upon budgeted expenditures and anticipated to be expended similar to past trends, however are shown at 90% and 73.8% expended at this point in the year. Capital outlay expenditures may be higher in June 2026 due to the necessary structural repair projects.
- Based on past trends and a general fund expenditure limitation the supplies and materials expenditures are projected to be 90% expended.
- Other objects include the cost for property and liability insurance and is based upon premiums negotiated after the 2025-2026 adopted budget, including any changes to the policies during the year.
- Fund transfers allocated during the 2025-2026 budget process include \$800,000 (Instructional Materials Fund), \$800,000 (Technology Fund) and \$888,314 (Debt Service Fund).

Additional Notes: For the 2025-2026 budget year the current estimate of ending fund balance is \$15,260,480. Included in this number is the audited ending fund balance from the 2024-2025 fiscal year (\$20,850,181). As a preview for the 2025-2026 budget process, this reduction in projected ending fund balance indicates that the district is utilizing significant reserves in its current fiscal year. By utilizing reserves of this magnitude, the district will realize a reduction in resources available for the 2026-27 proposed budget. As with previous reports, this is an estimate and accounts for the assumptions made in the current year operating budget, as well as the use of reserves as a strategy for adjusting to the unanticipated loss of enrollment.

STRUCTURAL REPAIR SERVICES

RELEVANT DATA:

The district (and all others insured through PACE) was notified at the end of the 2024-25 school year that proposed changes to property insurance coverage were being developed. The modifications were finalized at renewal and impacted any district building, more than fifty (50) years old, with engineered wood trusses (bowstring, glue lams, etc.). The engineered wood trusses are currently excluded from coverage. However, coverage will be added back if:

- The cause of loss is due to a named peril (outlined in policy), and
- There is no evidence of preexisting structural damage, or
- The trusses have been repaired or deemed structurally sound by a licensed structural engineer within an inspection interval recommended by the engineer.

Over the winter and early spring months district staff worked with Miller Engineer Services to complete repair specifications and develop/issue an Intent to Bid (ITB) for structural repair services that could meet stipulated criteria. School district sites requiring work include: Centennial ES, Guy Lee ES, Mohawk ES, Page ES, Walterville ES, Two River-Dos Rios ES, Briggs MS, Thurston MS, Brattain Campus, Thurston HS.

Three firms responded to the ITB. Responses varied with one firm bidding on four (4) sites and two firms bidding on all ten (10) sites. Following evaluation and due diligence, the district is recommending **Essex General Construction** headquartered in Eugene, Oregon based on their qualifications and pricing factors. District administration staff are in process of collaboratively developing a work plan, timeline and finalized budget. As these projects have unknown variables (abatement requirements, etc.), the district is also recommending to build-in a thirty-percent (30%) contingency for completion.

District administration will finalize options for financing strategies and present information to the School Board for final determination and acceptance.

The procurement file was reviewed with Vice Chair Langworthy and Brett Yancey will be available to answer questions.

RECOMMENDATION:

It is recommended that the Board of Directors approve the resolution for structural repair services and a corresponding contract to Essex General Construction for a total contract amount of \$3,431,695 plus a thirty-percent (30%) contingency budget (\$1,029,509). The total projected budget for all sites equals \$4,461,204.

ADULT MEAL PRICE INCREASE**RELEVANT DATA:**

As a requirement when operating under the National School Lunch Program, and School Breakfast Program, services provided outside of meals to students, such as catering and/or Adult Meals, must be priced to adequately cover costs for those additional services. It was determined during the Administrative Review with Oregon Department of Education conducted in March 2026, that due to rising food costs, our current Adult Meal Pricing structure did not meet the required criteria established by USDA and ODE.

This determination was made with the use of the Non-Program Food Revenue Report Tool, which compares the ratio of non-program food costs to total program food costs (0.74%) and the non-program food revenue to total program food revenue (0.42%). If the comparison is not aligned, then adjustments are required to increase the revenue ratio to meet or exceed that of the cost ratio.

Therefore, proposed price increases are as follows:

Breakfast:	Increase from \$3.00 to \$4.00
Lunch:	Increase from \$5.00 to \$5.50
Lunch Entrée:	Increase from \$2.00 to \$3.00

RECOMMENDATION:

It is recommended that the Springfield Public Schools Board of Directors establish adult meal prices for the 2026-2027 school year as follows:

Breakfast	\$4.00
Lunch	\$5.50
Lunch Entrée	\$3.00

RESOLUTION: #24-25.064

DATE: JUNE 9, 2025

RESOLUTION TO TRANSFER BUDGET APPROPRIATIONS

RELEVANT DATA:

This resolution is necessary to recognize and properly record expenditures in the 2025-2026 budget appropriations within the levels as required by Oregon Budget Law. Oregon Budget Law requires that expenditures are recorded within the proper account, and that expenditures not exceed the total amount budgeted by function level (1000 – instruction, 2000 – support services, etc.). Additionally, a formal resolution by the school board is required to transfer budget appropriations between function levels. These transfers do not increase the budget in any one fund, or the district budget overall. This resolution impacts the district General Operating Fund. When the budget document is prepared, estimates of where expenditures will occur are made based upon the previous year's expenditure trends and grant awards.

This appropriation transfer request is related to Subscription-Based Information Technology Arrangements (SBITA). SBITA's were established by GASB Statement No. 96, which became effective in fiscal year 2023. A SBITA is an arrangement where the school district obtains the rights to use another party's IT software for a period of time in exchange for payments. Under GASB 96 multi-year software subscriptions must now be recorded as a SBITA asset (right to use subscription asset) and as a SBITA liability (future payment obligation).

RESOLUTION:

BE IT HEREBY RESOLVED, that the Board of Directors for Springfield School District No. 19, hereby allocate budget appropriations and approve transfers for the 2025-2026 fiscal year within the funds and functions listed below:

General Fund (Fund 100): SBITA Compliance

100-2000	Support Services	\$201,826
100-5100	Debt Service	\$548,174

Special Revenue Fund (Fund 200): SBITA Compliance

**PROPERTY AND LIABILITY INSURANCE
WORKER'S COMPENSATION INSURANCE**

RELEVANT DATA:

Property & Casualty Insurance:

In preparation for the 2026-2027 fiscal year, the Springfield Public Schools requested the district's agent of record request bids for property, casualty and liability insurance policies. The district has received a premium quotation for property, casualty and liability insurance coverage and the most economical quotation received is approximately 14.2% increase compared to premiums paid for the 2026-2027 fiscal year, which is a total increase of approximately \$213,280 which is aligned with resources allocated in the adopted budget. Additional coverage purchased includes an additional \$10 million policy for sexual assault and molestation and an additional \$1 million for cyber coverage. The decision to purchase this additional coverage is due to limitations PACE has implemented over the past three years.

Overall, the district has recently completed a property appraisal update which impacted the increase on our property coverage (13.5%). Insurance market conditions continue to be volatile based on several factors. Employment and boundary invasion claims continue to be a concern in the overall market, as well as large property claim. The agent of record (Brown and Brown Northwest) recommends coverage under Special District Association of Oregon that meets or exceeds current levels of coverage.

Worker's Compensation Insurance:

Annually, the Springfield Public Schools reviews insurance and worker's compensation policies to ensure the most cost-effective plans for the upcoming year. For the 2026-2027 fiscal year SAIF Corporation quoted \$425,639, which is approximately \$35,967 less than the current year. Coverage under this proposal is identical and consistent with current plans. The anticipated increase is due to increased compensation for employees, experience and the nondisabling claims reimbursement program.

RECOMMENDATION:

Be it Hereby Resolved, that the Springfield Public Schools Board of Directors renew property, casualty and liability insurance coverage, including earthquake and flood coverage under Special District Association of Oregon for the period July 1, 2026 – June 30, 2027.

Be it Hereby Resolved, that the Springfield Public Schools Board of Directors renew worker's compensation insurance coverage under SAIF Corporation for the period July 1, 2026 – June 30, 2027.

OSAA Cooperative Sponsorship

RELEVANT DATA:

Full member schools, located in the same geographic area, may apply for cooperative sponsorship for an OSAA activity when a school has difficulty sponsoring the activity by itself.

For the 2026-27 through 2028-29 academic years, the following program is applying for cooperative sponsorship:

- Girls Soccer– Springfield High School and Mohawk High School

Support for this application will make activities available for students that would not be available in their resident school because of a lack of numbers if joint sponsorship did not occur.

RECOMMENDATION:

It is recommended that the Board of Directors support the OSAA Cooperative Sponsorship Application for Girls Soccer between: Springfield High School and Mohawk High School.
