Red Bank Borough Public Schools Designated a "High Performing" District by New Jersey Department of Education

State-Level QSAC Review Validates District's "People, Not Programs" Philosophy and Passion for Helping Students Dream BIG

RED BANK, NJ – Our Preschool through Grade 8 District enjoyed another outstanding year serving our families as a community school and relentlessly pursuing academic excellence, the Red Bank Borough Public School District has officially been designated as a **High Performing** school district by the New Jersey Department of Education.

The designation comes as a result of the state's comprehensive New Jersey Quality Single Accountability Continuum (NJQSAC) review, which evaluates all public school districts across five critical operational areas - Governance, Operations, Personnel, Fiscal Management and Instruction and Program. The District achieved exceptional marks, earning a perfect 100% in three of the five core areas with an overall average of 95%.

Based on these stellar results, on June 3, 2026 the Commissioner of Education recommended and the State Board of Education approved that Red Bank be certified for a period of three years.

Driven by "People, Not Programs"

For the Red Bank Borough Public Schools, this state-level validation is not merely a celebration of policy or administrative metrics; it is a celebration of people. The district's foundational philosophy has long been centered on the belief that human connection, dedicated educators, supportive families, and a united community are what truly elevate a school system.

"Back in September we asked our staff to consider and reflect upon our collective resume," said Dr. Jared Rumage, Superintendent of Schools. "Today, we see the ultimate proof of that resume—one built by 240 unique individuals, but deeply steeped in teamwork. This accomplishment belongs to every staff member, student, family, and Board member who has helped us Dream BIG! We are excited for this new chapter in the #RBBisBIA story."

Living the "#RBBisBIA" Mindset

The "High Performing" designation underscores the district's defining culture: **#RBBisBIA**—the unwavering commitment to being the *Best School District in America*. This mindset is about a shared promise to ensure that the children of Red Bank receive an education that rivals any institution in the nation.

This standard of excellence fuels the district's core mission: inspiring students to **Dream BIG**, backed by the concrete skills, resources, and emotional support required to help every child get there. Whether navigating complex academic instruction or supporting one another through heavy community moments, the Red Bank collective has proven that its heart matches its high standards.

With the NJQSAC review complete and a three-year certification achieved, the Red Bank Borough Public School District looks forward to closing out the school year with immense pride, carrying this powerful momentum into the future for the students, families, and community they serve.

Red Bank, NJ – June 4, 2026
