"Our barbers go beyond haircuts. We believe in empowering individuals to prioritize their well-being while caring for their hair. Partnering with Community Care, we are dedicated to providing effective and accessible behavioral health services and resources."

- Mental Health Ambassadors

Mental Wellness Ambassadors: Some of our barbers have received specialized training from Community Care's Our HAIR program (the Health Access Initiative for Recovery). They proudly serve as ambassadors for your well-being. They understand the importance of nurturing both your hair and your overall health.

A Safe Space for Self-Expression: We are more than just a barbershop. We provide a welcoming and inclusive environment where you can freely express yourself. Our team is here to support you in your journey towards overall well-being.

Accessible Resources: In addition to our expert barbers, there are a range of resources to support your well-being journey. From informational materials to local referrals, we are committed to providing you with the tools you need for a healthier and happier life. Call Community Care's Wellness Line at **1-833-260-0963** for resources.
