

Dear Second Grade Families,

Welcome to a brand-new school year! I am absolutely thrilled to welcome your child to our classroom and look forward to partnering with your family. I love teaching, and I cannot wait to share an exciting, growth-filled year of learning and fun with my students.

Second grade is a remarkable year of growth. Together, we will cultivate a genuine love for reading, develop strong writing voices, and master new mathematical concepts. We will also dive into hands-on science explorations, studying everything from weather patterns and living things to forces of motion, rocks, minerals, and space! Best of all, we will build a supportive community where lasting friendships are made.

Creating Our Classroom Community To ensure every student feels safe, valued, and ready to learn, we emphasize positive behavior and mutual respect in our classroom environment. During the first week of school, the students and I will work together to design our classroom agreement and rules, establishing a space where everyone can thrive.

Open House & School Supplies I am looking forward to meeting you all in person at our upcoming Open House!

Please rest assured that our school will provide all the necessary learning supplies your child needs for a successful year. However, if you are willing and able to contribute items from the attached supply list, your generosity is greatly appreciated. To prevent distractions and keep our focus on learning, we kindly ask that you stick strictly to the requested list and leave any unlisted specialty items or personal toys at home.

I am truly honored to be your child's teacher for the 2026–2027 school year, and I am committed to making it a wonderful experience for everyone.

Warmly,,

Erin Colvell

About Me

Hello! I am so excited to be spending another wonderful year with the Park City School District community. As a lifelong Utah resident, I absolutely love everything our beautiful state has to offer. My husband and I live in Morgan, where we stay busy raising our three wonderful children, one daughter and two sons. When I'm not in the classroom, you can usually find me outdoors hiking and camping, getting creative with a new crafting project, or simply enjoying quality time with my family. I am thrilled to be returning for my second year here, and I can't wait for a fantastic school year!

2nd Grade Supply List

2026-2027

Each student will have their own set of supplies that they will keep in their desk. Attached you will find a list of supplies. If you are ABLE and WILLING to send in supplies, it is appreciated, but not required. If you are able to provide extra supplies, it would be greatly appreciated. We will make sure that every student has all of the supplies that they need. Please do not send anything fancy or extra special, as lots of items get lost or mixed. Fancy and special supplies or items not listed are great for at home.
