II. Hearing - District Safety Presentation

Mr. Burke and Mr. Doerr presented the district-wide safety planning process. They stated that the plan covers natural events, technological incidents, biological events and adversarial incidents. The District and building teams begin reviewing the plan in the Spring and make necessary revisions and make sure the plan is aligned with each of the building plans. The plan is posted on the website in June for a 30 day public comment period then presented to the Board for adoption in the summer. All plans are finalized by September 1st and submitted to NYSED and law enforcement by October 1st. Staff training and implementation takes place in the fall.

Next, they explained the safety teams and their roles. The District safety team is Board appointed. They conduct annual reviews and guide district-wide planning. The building level teams (BLERPT) are led by the principles and maintain confidential building plans. The emergency response teams respond during incidents and collaborate with law enforcement, fire, EMS, Altaris (the District's security consultant), and school personnel. The District plan is a public document which provides framework and consistency, while

the building plans are private, internal documents which standardizes protocols across the schools.
They explained that a threat assessment team identifies, evaluates, and addresses potential threats, and they review concerning behaviors involving students, staff, parents, or others. It is composed of school leaders, counselors, psychologists, law enforcement, and outside mental health professionals, if needed. They reviewed the various training, drills, and readiness.

They explained the key safety infrastructure and improvements such as controlled entry points and visitor management, surveillance and communication systems, security personnel and monitoring, and the various facility upgrades (doors, fencing, radios, and mapping). In addition, last year Desha's Law expectations was added to the safety plan.

III. Opening of Meeting

President Wagner called the meeting to order at 8:00 p.m.

IV. President's Report

President Wagner began by talking about showing gratitude, being thankful and showing appreciation. Earlier this month the District celebrated Teacher Appreciation Week as well as Nurse's Day. Students made cards and brought in gifts, and the PTSA organized luncheons at each of the schools. These small gestures were meant to express gratitude for our Rye Neck teachers who are hard working, creative, caring, dedicated, and without a doubt, the heartbeat of our district.

In addition, tonight is an exciting evening for the district as it hopes to pass the budget vote. A new fiscal budget allows the district to fund creative programs and strategic experiences for students and staff. New budgets invite new beginnings, new opportunities and new ways to both teach and learn. We are grateful to our Rye Neck community for coming out to vote today and express their desire to keep Rye Neck fresh, innovative and competitive. Tonight the Board will also welcome two new board members, Gabriella Danza and Laurel Ryan. We are eager to work with Gabby and Laurel, and are grateful for their enthusiasm, time and desire to help make Rye Neck the best it can be.

V. Superintendent's Report

Mr. Burke reported that there have been many exciting events since the last Board meeting. The Rye Neck Panther Party exceeded expectations with an incredible day filled with fun, smiles and dunking in water. There were multiple senior days across all sports, celebrating the incredible athletic careers of our seniors. We attended 2nd grade, High School and Middle School Spring concerts. The PTSA sponsored the Rye Neck Springfest which was a collaboration with the JCK Foundation to celebrate mental health and school spirit. The RNSF hosted a fundraising event that generated multiple grants for our students and staff in excess of $40,000. The High School Musical, *The Prom*, received 10 Metro Nominations including Best Overall Performance. And the 4th and 5th grade band concert took place this evening right here in the PAC.

Next, Mr. Burke advised that he will be attending his first Lower Hudson Council of School Superintendent's Scholarship Awards Dinner on June 3rd. The Lower Hudson Council, made up of 79 districts and BOCES in four counties, is hosting its annual dinner

in Mahopac to honor our collective student bodies. Each district's valedictorian and salutatorian are invited to join their superintendent, high school principal, and board president. Rye Neck's Valedictorian Grayson Findlay will be attending Dartmouth, and Salutatorian Julian Russo will be attending Duke. We are exceedingly proud of Grayson, Julian, and the entire Rye Neck class of 2026.

Finally, he recognized the contributions of the staff and nurses in celebration of the recent Teacher Appreciation Week and Nurse's Day. He echoes the many parents who have recognized their heartfelt gratitude for the countless ways staff contribute and go above and beyond every day. The collaboration between the staff and community continues to translate into success for the K-12 student body. That foundation will always stand the test of time, and what continues to keep the Rye Neck School District among the best in the State of New York.

VII. Financial Reports for Information

The Board was presented with the Budget Transfers and Warrant Schedule - All Funds for information purposes.

VIII. Communications to the Board

President Wagner reported that the Board has received 5 new communications since the last meeting, 1 regarding the High School walk out, 1 regarding parking on campus, and 3 regarding the athletic fields project.

IX. Citizens' Privilege of the Floor

There were no comments made by the public.

X. Reports - Community School Groups

Student Senate - Spencer Elliot

Student Senate President Spencer Elliot reported that AP exams are now complete and seniors are beginning their internships. Underclassmen are preparing for final exams and regents as we head into June. Many end of year activities are taking place. The varsity sports awards ceremony is scheduled for June 8th, and the Awards Ceremony for Juniors and Seniors will take place on June 12th. This year's junior/senior prom will be taking place on June 17th at Greentree Country Club. Toward the end of June, seniors will participate in the Graduate Walk Through, where they'll have the chance to pass through the elementary schools as they say their final goodbyes to Rye Neck. Graduation will take place on Wednesday, June 24th.

Next, he stated that the Student Senate ended a few weeks ago, and thanked the officers and representatives of the Senate who helped make this such a productive year. He thanked the advisor, Ms. D'Addona, who has been tremendous in supporting them in all the events. Some of the highlights of this year include the Homecoming and Spring Pep

Rallies; the volleyball and pickleball tournaments; and the Battle of the Grades Competition. The Senate has also been very active in communicating and addressing student concerns with Ms. Folchetti. Elections for next year senate officers and representatives will be held in June.

PTSA - Casey Glass

PTSA representative Casey Glass reported that the PTSA had an exciting spring. The Panther Party was held on April 25th, and it was a fun and successful day which raised over $13,000. There were food trucks, raffles, and an International Corner with baked goods, boba tea, and an origami-making contest. In addition, the Bellows Family Kickball Night was a fun night full of loud cheering and lots of fun.

The district also celebrated Teacher Appreciation Week from May 4th through 8th. Class parents organized thoughtful gifts and treats for teachers, the PTSA hosted luncheons at each building for all staff and faculty, and the elementary school sent cards to the principals and teachers, filled with love from students. appreciated and celebrated for all they do for our students every day.

Mrs. Glass reported that at last week's General Membership Meeting, the PTSA voted to approve a $20,000 end-of-year grant to the district. We worked closely with the administration to make sure this gift would benefit students across all buildings, and together they selected a wonderful social-emotional support program called Canine Connections. This district-wide enrichment and therapeutic support program is being brought to Rye Neck through a partnership with Giving Retriever, a Westchester-based organization specializing in therapeutic assistance dog programs for schools and communities. Certified therapeutic assistance dogs and their handlers will visit each building on a rotating monthly schedule. At the secondary level, students will be able to visit during free periods in a communal space, while at the elementary schools the program will be integrated directly into classrooms. The program will serve as both a wellness touchpoint and a bridge to broader counseling support across the district. In addition, the PTSA is also providing a smaller grant to support student engagement initiatives through the district social worker — something that proved to be very successful this past year.

Rye Neck School Foundation - Arielle Diskin

RNSF representative Arielle Diskin reported that their annual spring fundraiser, Denim and Drinks at 25 North, raised over $40,000 to fund all four grants that were showcased at the event. There were over 100 attendees spanning all four schools. Those grants were the school's participation in the tri-state consortium, the new Audio equipment for Music for Daniel Warren and Bellows, the athletics speaker, and the student sponsored Panthers with purpose day and Shark Tank initiative.

XI. Reports - Board of Education

Office Hours

Trustees Rainert and Gatenio will represent the Board at the next Office Hours, Tuesday, June 2, 2026 at 5:30 p.m. in the Administration building. Please email or call the District Clerk by Friday, May 29th, to make an appointment and state your topic of interest.

Technology Committee
Trustee Rainert reported that the Committee built a set of key questions and considerations the district should apply when evaluating how to incorporate AI into curriculum and instruction. Some of the themes were:

Human skills - critical thinking, collaboration, empathy, judgment - have to remain the priority, and the District's approach to AI should be built around protecting those, not displacing them.

The Committee saw value in the Red-Orange-Green framework that New York City recently rolled out. This framework would define which AI uses are prohibited, which require oversight, and which are encouraged. This would be a living document, updated annually, built separately for teachers and students.

Finally, assessment came up as a critical near-term challenge. If students can generate a final product with AI, we need to shift toward evaluating process, performance, and authentic demonstration of understanding.

The document of focus areas and key questions will be shared with the administration as input going forward.

Policy Committee
Trustee Homberg reported that this evening the Board will adopt revised Policy 2150 (Filling Board Vacancies). The policy was updated to clarify the process in the event of a tie in an election involving seats with differing term lengths, such as tonight's election. The updated language provides that, in the unlikely event of a tie, the District may proceed with a runoff election, a mutually agreed-upon resolution between candidates, or a coin flip to determine seat assignment. There was a first reading at the May Planning Session.

The next Policy Committee meeting will be held on Thursday, May 28 at 9:00 AM. The Committee will be reviewing the remainder of the 4000s section as well as the 5000s section. Following that review cycle, meetings will move to a quarterly schedule unless urgent matters arise.

Audit Committee
Trustee Carmel reported that the Audit Committee held its final meeting last Thursday, May 14. They discussed an internal audit and the schedule for next year's external audit. They met with the District's internal auditing firm, R.S. Abrams, and reviewed the report regarding the District's Extra Classroom Activity Funds. The review focused on current practices related to cash handling, recordkeeping, reconciliations, approvals, and overall compliance with New York State guidance governing extra classroom accounts.

The Internal Auditor noted that the District's procedures are functioning appropriately. They offered a few recommendations intended to strengthen internal controls and promote consistency with the State Education Department best practices. These include enhanced supporting documentation for cash receipts and deposits, revised forms requiring student and advisor approvals, reinforcement of sales tax procedures, and the development of formal annual training for advisors.

He stated that District administration reviewed the recommendations with the extra classroom treasurer and will continue working to ensure that Extra Classroom activities are administered in accordance with applicable regulations and sound fiscal practices.

Finally, they discussed the external audit, which begins over the summer and is expected to conclude in October. The business office is hoping to best last year's unbelievably low 0.05% variance rate that was achieved last year.
