SCHOOL HEALTH ADVISORY COUNCIL

The School Health Advisory Council (SHAC) meets the second Thursday of each month in the central office board room from 9:00am to 10:30am. Our meetings are open to the public to attend.

For more information regarding SHAC, please contact Mrs. Susan Huntsinger, Director of Curriculum and Instruction.

Phone: 828-649-9276

Student Wellness Memo

Policy 6140 Student Wellness

Student Wellness

Schools play a critical role in promoting student health, preventing childhood hunger and obesity, and combating issues associated with poor nutrition and physical inactivity. School systems are required to establish a local wellness policy that includes nutrition guidelines for all foods and beverages available on campus during the school day along with goals for nutrition education, nutrition promotion, physical activity and other activities to promote student health.

The Student Health Advisory Council (SHAC) helps to plan, update, implement, promote and monitor the wellness policy. The council is to be composed of representatives from the school system, the local health department and the community.

Parents and community members are always welcome to attend the monthly meetings of the Madison County Schools Student Health Advisory Council (SHAC). If you would like additional information please call:

(828) 649-9276
