

Student Assistance Program

What is SAP?

Collaborates with local school district SAP teams providing consultation, education and intervention to SAP Team Members. SAP Liaisons complete a comprehensive needs assessment reviewing drug and alcohol along with behavioral and emotional needs. If services are deemed appropriate, liaison's link students to outside resources and providers.

Student Assistance Program

Screenings

During the screening process, the SAP Liaison will meet with the student and talk with the parent or guardian to obtain information on any behavioral or emotional needs that may be present that may be creating barriers to education.

Referring

Once the liaison collects the information from all parties, a plan will be discussed with the parent or guardian for recommendations to improve success. This can include a referral to outside agencies if deemed appropriate or contact information for community resources available.

Psychoeducational Groups

SAP offers psychoeducational groups including various topics that are conducted at the school over a 6- week period. These groups offer education on social, emotional, and behavioral topics that allow for students to collaborate with their peers and practice healthy communication skills and learn ways to support their own success.

Student Assistance Program

Follow-Up

The liaison will follow-up with the parent or guardian on whether they got connected with the services and resources provided. The liaison can provide further assistance during this time if needed.

Postvention

Provide interventions for students and staff in response to a tragic event that is sustained within the school's community.

Disclaimer: SAP Liaisons do NOT perform evaluations or give any diagnosis to students. Additional information can be provided for further assessment or evaluation when appropriate or if requested by the guardian.

Professional Development

The SAP Liaison will work alongside SAP trained school staff members and provide team maintenance and support that offers insight and resources. This ensures a focus on the strengths of students to best support their success.
