

The screenshot shows the 'Form Banks' section in the LinkIt! Data Locker. It includes a search bar, a table of form banks, and a detailed view of a specific form bank with student data.

Name	Subject	Grade
24-25 G7 DIBELS	Language Arts	7
24-25 G8 DIBELS	Language Arts	8

DATA Locker @ EJHS

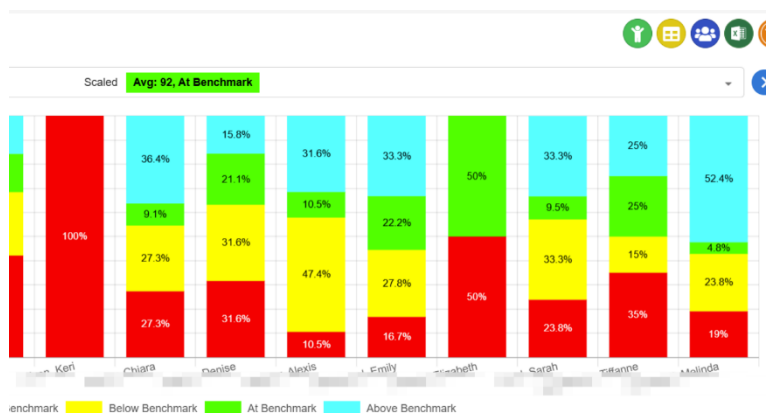

Amplify's DIBELS mClass isn't available at the junior high level. Instead of entering DIBELS data into Amplify and then importing into LinkIt! why not enter it directly into LinkIt!? Dr. McCain and Ms. Snyder at EJHS are utilizing the data locker in LinkIt! to directly enter DIBELS scores for grades 7 and 8 students via a form in LinkIt!'s DATA Locker.

[Click here for a video showing how to enter data into the DATA Locker's forms.](#)

Teacher Associations

Previously a manual task, teacher associations are now automatic for DRC data! As a result, the Display by Teacher feature will now work for their data sets.

[Click here for more information on Reports.](#)

PMSD Data Inventory

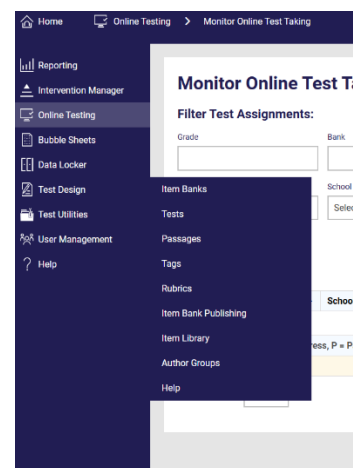

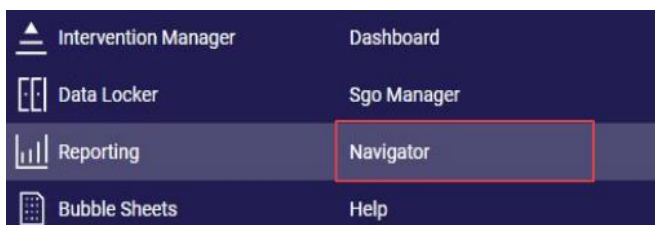

The data in LinkIt! comes from a variety of sources and a number of different methods. Some data come over automatically while others have to be exported, cleaned up, sorted, filtered, and uploaded. This is the list of assessment data that are found in LinkIt!

[Click here to view the updated list of data in our LinkIt!'s system](#) (use your PMSD email).

Online Testing

LinkIt!'s system features an online testing tool that gives the district the ability to add and deliver local and customized assessments online. The system grades the assessments and then populates the scores in the data warehouse. This is perfect for finals or common assessments.

[Click here learn more about the online testing experience with LinkIt!](#)

24-25 Navigator Reports Published!

LinkIt! creates Navigator Reports that highlight student scores across assessments and growth. 24-25 Navigator Reports have been published and shared out to admins.

[Click here learn more about Navigator Reports.](#)

Attendance, Discipline, and Grades:

- We are working with LinkIt! to connect our PowerSchool **discipline** data to LinkIt!'s data warehouse. Once completed, you will be able to pull down any associated discipline alongside the assessment data.
- **Attendance** data flows out of PowerSchool and directly into LinkIt! nightly and reflects all attendance up to the previous school day.
- We have been working with LinkIt! to do pull **student grades** out of PowerSchool and into the LinkIt! data warehouse. At the end of each marking period, LinkIt! will pull grades and make them available in the data warehouse. MP1 grades are present!

DATA Updates:

The following data sets have been updated in the past week:

- Acadience Scores and Progress Monitoring
- Amplify DIBELS 8 (BOY and MOY)
- Amplify DIBELS 8 Progress Monitoring
- Achieve 3000/LevelSet
- CDT
- Firefly
- IXL
- Imagine Math
- Savvas

As we move through testing schedule and assessment periods are completed, the data for the assessments get updated accordingly.
