NMS Art Show

Powerful imagery, creative expression, and artistic growth were on full display at the annual Norwell Middle School Art Show on June 4. Families, friends, faculty, and community members gathered to celebrate the creativity and imagination of our talented 6th, 7th, and 8th grade students. The hallways were transformed into vibrant galleries filled with paintings, drawings, and other inspiring works that showcased students' unique perspectives, artistic skills, and dedication throughout the year. The event provided a wonderful opportunity to recognize the hard work and growth of our young artists while highlighting the power of creativity to bring our community together. It was an evening filled with color, inspiration, and pride, and a memorable celebration of student achievement.

"The future belongs to those who believe in the beauty of their dream." - Eleanor Roosevelt

This will be our last one for the year and we're focusing on the Class of 2030! Shout outs over the course of the year for being a good friend and listener go out to Elena Charron, Ben Allegrini & Alivia Chesnos. Students reported that Spencer Eagan & Joe Yazbeck are helpful classmates that make difficult subjects seem easy. Caden Rodriguez, Abigail Paquette and Riley Dunigan are kind to everyone and always say hello to people in the hallways.

HAVE USED OR UNWANTED MARKERS, PENS WOODEN OR MECHANICAL PENCILS?

Last year the Norwell Recycling and Sustainability Committee successfully initiated a project to recycle crayons and continues to collect used or unwanted crayons. We are now adding markers, pens and wooden and mechanical pencils to our collections for recycling. We are working in partnership with Staples, which has recently added them to their list of materials that can be recycled.

Just wanted to update you on the recent collection of writing tools and crayons for recycling...25 pounds kept out of landfills and 9 pounds of pencils, crayons and colored pencils for reuse. Thanks to everyone for their continued efforts.
