

PROFESSIONAL LEARNING SYSTEM

Ensuring high-quality instruction in every classroom, every day

Purpose

To strengthen instructional practice, promote collaboration, and support continuous improvement

Professional Development Structures

September PD Day

- ▶ Launches district priorities and sets the vision for the year

February PD Day

- ▶ Facilitates mid-year reflection and instructional refinement

Monday PD Days

- ▶ Supports site-based learning and collaboration

Cross-District Collaboration Days

- ▶ Connects educators across schools and departments

Virtual PD Sessions

- ▶ Provides flexible, after-hours learning options

Core Design Principles

Collective Learning

Ensuring all educators have access to aligned, high-quality learning opportunities

Collaboration

Creating structured time to share practices and analyze data

Practice Refinement

Applying new learning to improve student outcomes

Impact

Through a comprehensive and aligned system of professional learning, educators collaborate, refine their practice, and drive measurable improvements in instructional quality and student outcomes
