

Student Reassignment Restrictions for CTA / T Bargaining Unit Employees

AT - CAPACITY SCHOOLS - UNAVAILABLE FOR FEEDER SCHOOL REQUESTS

2026-2027 School Year

The following document outlines the specific campuses designated as At-Capacity Schools that are unavailable for feeder school student reassignment requests. Per the provisions of the current Collective Bargaining Agreement (CBA), student reassignment requests submitted by employees within the CTA / T bargaining unit are prioritized for approval, provided they fulfill the eligibility requirements established in the contract. However, under the guidelines of the most recent agreement, any district school operating at or above 100% capacity is closed to feeder school reassignments and cannot be considered for student reassignment.

Please review the following list carefully. The campuses listed below have reached or exceeded this 100% capacity threshold. Consequently, these schools are strictly unavailable for employee student transfers. Any feeder school reassignment requests submitted for these locations will be denied. Additionally, full Choice schools or full choice grade levels in a K-8 school are ineligible for reassignment.

	ELEMENTARY SCHOOLS	MIDDLE SCHOOLS	HIGH SCHOOLS
	Acreage Pines	Western Pines	Dr. Joaquín García
	Addison Mizner School		Seminole Ridge
	Blue Lake		Spanish River
	Golden Grove		
	Loxahatchee Groves
