**4. New Business: Review Policy JICC and JICC-R Student Conduct on School Buses:** J.Rathbun explained that the Policy Committee is not including procedures in the policies. **JICC-R** is a procedure. He said that he uses the procedures but they are not in the policy. **JICC** was last reviewed in Sept. 2023. J. Strimbeck mentioned that there are issues on buses that we may be able to make recommendations. J. Rathbun explained that there are laws that need to remain in the policy. J. Rathbun spoke about inappropriate materials being seen on the bus and now there is a bus monitor on that bus. The elementary buses are tough, not the MS/HS. The bus company would prefer no tablets or phones for the elementary students and do not take the tablets or phones away from the MS/HS. There are no issues with the MS/HS students. J. Rathbun commented that we need a Standard Operating Procedure which does not exist. The closest is the Student Handbook which needs to be reviewed. J. Rathbun commented that **JICC-R** is not correct regarding punishment. **MOTION:** J. Strimbeck **MOVED** to present Policy **JICC** and Policy **EEAEC** to the Policy Committee in tandem, retire Policy **JICC-R**, make adjustments amended in Policy **EEAEC** and direct the administration to publish it in the handbook. **SECOND:** E.LaPlante. **VOTE:** Unanimous for those present. **Motion passes.** J. Rathbun commented that before the handbook is published Policy **JICC-R** needs to be changed to make sense.

**5. Solidify Dates for School Safety Meetings:** J. Rathbun would suggest the committee attend a safety meeting at the MS/HS. The meeting is well organized, most official and they are well prepared. J. Rathbun will get the schedule for the committee. The first Safety Committee Meeting is in July.
