- Laptops must have a keyboard for typing lessons, as well as a camera, microphone, and ability to play sound through headphones/earbuds.
- Tech recommends that students use a Windows or Mac computer. Although Chromebooks are acceptable the majority of the time and works with all other classes, parents should know that students with Chromebooks will not be able to run certain programs (such as the desktop version of the Adobe Creative Cloud applications (example: Photoshop, Character Animator). In those situations, we have students work alongside someone else.
