What You'll Learn:

The programme introduces students to the foundations of management, leadership, and organisational success. Students explore the key principles that shape how successful organisations and teams operate.

- ✓ Understand how organisations operate
- ✓ Understand the role of the manager
- ✓ Explore different leadership and management approaches
- ✓ Develop the knowledge, skills, and behaviours of effective leaders

Programme Delivery:

- ✓ The programme is delivered through a structured workshop and assessed through a short written assignment.
- ✓ 24/7 Student Dashboard - Each student receives individual access to their own Leadership Development Dashboard, including CV360 and Interview360.
- ✓ 1:1 Founder Support - Students benefit from personalised guidance throughout.

Empowering Students:

The programme provides students with:

1. **Skill Development** - Professional management and leadership qualifications build essential skills that are transferable across industries.
2. **Self-Awareness** - Understanding oneself is a cornerstone of effective leadership. Management and leadership qualifications encourage students to reflect on their strengths and areas for improvement.
3. **Leadership Mindset** - Early exposure to management and leadership principles instills a leadership mindset in young people. By starting their leadership journey alongside academic studies, students lay the groundwork for lifelong growth and success in leadership.

What Students Say:

"My experience with TFL Education and Aiden Harper has been great. The course was engaging and helped me understand leadership and team skills in a practical and enjoyable way. Also, the support I received throughout the written assignment made the whole process clear and extremely manageable.

Completing the written assignment gave me the chance to reflect on my skills and personal growth, and I now feel much more confident in my abilities."
