PARENT SQUARE AND SCHOOL COMMUNICATION:

ParentSquare is our main communication tool. We use this tool for most school and classroom teacher communications. **If you are new to Rosa Parks, you will an activation email welcoming you to ParentSquare and asking you to register your account later in the summer.** If you already have other students at Rosa Parks, you've probably already done this step and don't need to do it again. We highly encourage you to get this set up before school starts. You may also want to get the ParentSquare App on your mobile device. Even if you don't register, you will receive all messages from the school by e-mail, but setting up your account allows you to participate in two-way communication features (chat, commenting on posts), and allows you to set notifications to your preferred times, language, etc...

Other Communication tools you might want to connect to:
