Senior Resources

Seniors (and parents) can access multiple resources (college details, scholarships, etc.) via Naviance. (Students via Clever, parents reach out to LHS Counseling if you need / forgot your login information.)

U.S. News & World Report: Best Colleges 2026

Many colleges & universities advertise scholarships and grants directly on their website. Here are several examples:

- Visit McDaniel College before you complete your application to qualify for the $8,000 Visit Incentive Grant . Also merit scholarships range from $7,500 to $33,000 per year.
- Stevenson University "Find Your Scholarship" page shares scholarships ranging from Merit ($10,000 - $21,000 per year, renewable), to specialty, private and endowed scholarships.
- The University of Md utilizes a scholarship matching platform called Scholarship Universe to help students find & apply for two types of scholarships: University of Md Scholarships offered by the university and outside scholarships offered by non-university affiliated organizations.

Many colleges and universities automatically consider students for merit and scholarship awards with no additional application required. Two examples include:

1. Howard University
2. Hood College

The following represents a few of the many available online college workshops designed to help w/ college essays, college visits, college application process, etc.
