

SHAC Meeting
Wednesday, April 29, 2026
Clear View High School Multi-Purpose Room

Committee Members in Attendance: Aurora Hicks, Jacqueline Schneider, Michael Harsen, Kathryn Davis, Madhuri Kshirsager, Michelle Takir, Jillian Stafflinger, Lamiya Rafiq, Imani Remtulla, Camila Ramirez-Matheus, Colleen Neal, Susan Silva, Fre Walker, Kelsey Eason, Katherine Bell, Susan Rizzo, Jennifer Murray, Amy Killgore, Kristen Marquardt, Lorraine Pinegar, Kristina Ford

Present community observers: Gladys Wiggins, Mackenzie Roberts – Harris County Public Health

Minutes

Kristina Ford, Director of Counseling and Student Services, called the meeting to order at 5:31 PM. Due to some technological issues, the meeting was called to order again at 5:37 PM. Ford acknowledged the technology was still not working as planned, but the meeting was being audibly recorded, while the PowerPoint on the screen was not working. Ford reviewed the agenda and did a member check-in. Ford explained that the owl did not make an audible recording of the February meeting, and that no recording from the February 25, 2026, meeting would be posted online.

The Council reviewed the February 25, 2026, meeting minutes. Dr. Susan Silva, Asst. Superintendent made the motion to approve the minutes as presented. Colleen Neal, community mental health provider, made the second. The motion passed unanimously.

Mrs. Ford reviewed the SHAC goals for the year and the committee's progress towards the goals.

Amy Killgore, CCISD Prevention Specialist, divided the members into smaller groups to review the K-5th grade bullying prevention curriculum documents, the evidence of learning, and their comments regarding the proposed survey questions from the February 25, 2026, meeting to provide feedback. The members provided feedback that included consideration of offering booster lessons or multiple lessons for reinforcement throughout the school year, rewording the survey language, proposing multiple observations to assess progress towards achieving the evidence of learning, and proposing smaller quantifiable increments from 90 percent of students can do X some of the time, none of the time, all of the time... to 25%, 50%, 75% or 100% can... Mrs. Killgore and Mrs. Ford will review the additional feedback and continue to work on the proposed surveys and curriculum delivery.

Ms.____ shared information about the social and emotional curriculum program RULER from Yale University as well as two books by Yale researcher Dr. Marc Brackett. Ms.____ said she felt like RULER complimented the work CCISD is already doing in character education and would help students put more concrete and intentional vocabulary with their feelings and could help decrease bullying.

Mr. Fred Walker, Director of Child Nutrition and Mrs. Ford reviewed CCISD's progress on the 2025-26 Wellness Policy. They highlighted successes and shared areas where CCISD seeks to improve.

Mrs. Ford shared CCISD's progress on the 2025-26 TEA School Health Survey, which is completed annually by CCISD Health Services.

Mrs. Ford highlighted the multiple partnerships CCISD has to support the mental health, medical, and social service needs of our students. Additionally, Mrs. Ford explained where hardship resources could be located on the CCISD website.

Community input was presented by Harris County Public Health staff members, Gladys Wiggins and Mackenzie Roberts. They shared resources the agency has to offer such as free physicals, immunizations, and opportunities for community service.

Ford adjourned the meeting at 6:38 PM.

Next Meeting: TBD (meeting notes will be approved at the first SHAC meeting of the 2026-2027 school year.
