PE Exemption Form for School Activities

Cedar Rapids Community School District high school students who have met one of the following criteria have the option to exempt a Physical Education course required each year by the Iowa Department of Education, as per SF 161. Students would not receive credit for a course, but the transcript will reflect that the student exempted the PE course that year, thereby satisfying the State BOEE requirement. The student is still required to complete 40 overall credits toward graduation.

Students will have 10 days from the start of each semester to request the PE exemption. Failure to complete a season of the school activity will result in an 'Unsatisfactory' grade and could result in a delay in eligibility for the next upcoming season. The student must then enroll in a Physical Education course for the following semester, unless another exemption is requested.

Please indicate below which school activity the student wishes to select as the exemption from the physical education course requirement.

School Activity: _____ Semester: 1 2

By signing below, the student, parent/guardian, coach, etc. are acknowledging their awareness of the exemption request and understand the expectations of the student.
