STUDENT, SCHOOL, AND FAMILY SUPPORT SERVICES (TITLE I)

Student, School, and Family Support Services (Title I) provides services and resources to students, schools, and families around family engagement, out-of-school time (after-school and summer) programs, and school readiness. We also provide funding and services to families of youth experiencing homelessness, delinquency, neglect, migrancy, and/or foster care.

The following federal grant funds support our programs and services:

- Title I Part A: Improving the Academic Achievement of the Disadvantaged
- Title I Part D: Education of Neglected or Delinquent Children and Youth
- 21st Century Community Learning Centers
- McKinney-Vento Homeless Assistance
- CARES, CRRSAA, ARP (ESSER I, II, III)

Parent and Family Engagement

Our Vision -

To build the capacity of all stakeholders to develop strong, trusting relationships that enable two-way communication and collaboration between home and school which in turn strengthens community, creates a school culture that honors every family as a partner, and increases student success.

Our Mission -

To bridge the gap between families, schools and the community by providing programs, resources, professional development, and support.

Our Core Beliefs -

- All parents have dreams for their children and want the best for them
- All parents have the capacity to support their children's learning
- Families and school staff should be equal partners in the learning process

Parent Liaison Program:

A Parent Liaison is located at all twelve Title I schools to help foster trusting relationships, improve communication, and build partnerships and networks between the home and school that support student success.

Meet each school's Title I Parent Liaison

Academic Parent Teacher Teams (APTT) Program:

The goal of APTT parent meetings is for families to go home feeling valued, informed, clear about their role, and committed to improving their child's learning outcomes.

Students with highly engaged families:

- Attend school regularly
- Have stronger social skills
- Earn higher grades
- Graduate from high school
- Go on to college or other postsecondary programs

"APTT is about building the capacity for staff to gain better understanding of families and their unique circumstances; the capacity for parents to provide meaningful, focused support for student learning at home; and the capacity for students to succeed on foundational grade-level skills". — Principal

What can a Parent Liaison do for your families?
