2026-27 HGTC Courses for Dual-Enrollment Credit

HGTC courses on this list are the only courses that may be eligible to be recorded on a student's high school transcript. Students must work with the school counselor to determine eligibility for courses based on requirements.

Note: If the base high school offers an AP equivalent, students may take the college course at their expense; the college course will be posted on the student's high school transcript.

Courses highlighted in HCS BLUE are state-approved CCR dual enrollment courses.

Note: This list is subject to change based on course availablity, course code or number changes, and college requirements.
