[Hrishikesh] Division of Gastroenterology and Hepatology at LSU Health Shreveport provides three years A.C.G.M.E. approved Gastroenterology Fellowship. I manage the hepatology rotation so fellows get exposure to liver transplant at the transplant center, and they are trained in general and transplant hepatology. At the end of this three year fellowship, they have a very successful academic career. And also the right now they are providing most of the jobs at very various leadership positions.
