

MONROE CAREER AND TECHNICAL INSTITUTE

SECTION: PUPILS

TITLE: COMPETENCY TRACKING

ADOPTED: July 10, 2006

REVISED:

215. COMPETENCY TRACKING

Monroe Career & Technical Institute remains committed to Competency-Based Vocational Education (CBVE) as its primary instructional model. Under this system the documentation of student achievement, specifically the attainment of program competencies, is the key to educational progress.

It is the goal of the school to utilize a management system to train and equip all staff, and routinely provide students, parents, and others with periodic, annual, and final competency attainment listings as a part of the overall educational process.
