

COME AND VISIT OUR

Fairy House Trail

June 7 through September 30 during daylight hours

Take an easy walk along the outer edge of our labyrinth trail and see how many fairy houses you can spy!

These are visible from the hiking trail so please be sure to stay on the path (the fairies are very shy and don't like to be disturbed...also, it's not good for native vegetation to be stepped on). You're welcome to stop in the resource center for a fairy form.

Take this on your walk, note the fairy information and earn a prize!
