The Amazingly Spirited Mrs. Anderson

By America Rodriguez

Did you know Mrs. Anderson likes to collect rocks from different countries? Well, she does! She also likes to collect Christmas ornaments from different places from around the world. If she could go anywhere in the world, she would go to Norway because her daughter lives there and because her first grandchild will be born there.

Her favorite thing of being a teacher was teaching students. She would be teaching for four more years. Her average day as a teacher was greeting students, teaching them, and talking to other teachers and students.

Her dream room would have a sauna, spa-like master bedroom, cold plunge pool, big library, massage table and more. Mrs. Anderson said that if she got a million dollars, she would donate some to the school and travel more.

Sandy fire in Simi Valley

By Valerie R and Jocelyn G

The Sandy Fire started on May 18, 2026 in Sandy Avenue in Simi Valley. It started off as small blazes in hills before it grew into something bigger and spread toward Santa Rosa.

Police and firefighters came up with the small idea that a farmer was trying to burn brush and sticks but it got out of hand. As of May 26, the fire is still going on and it has burned over 23,000 acres of land and trees. Due to the fact of

how much damage it's doing, almost 40,000 people have evacuated in fear of the fire. Fresno Bee has been providing live updates of what's happening with the fire and if it's dying down. As of May 27, 2026, the fire has been contained almost fully and the fire is soon to die down.

Fremont's Best Cheerleader

By Mia and Serenity

We interviewed a Fremont cheerleader, Jazzy and this is how it went. Jazzy enjoys cheering and her team because they're nice to her. She has been cheering for 3 years and joined this year's cheer team because it calms her down. Her least favorite dance is "Let's Go Falcons" because it doesn't have a lot of movements. Her most favorite is "Just Rock It" because of the movements. Jazzy cheers for all the sports teams but it depends on the season. She would love to join cheer next year because she enjoys it. Her favorite thing about cheer is how kind people are. That is all about Jazzy cheerleading career.

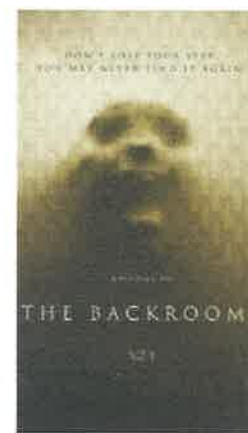

Summer Showstoppers!

By Liam and Alfred

First up, Star Wars brings the beloved Disney+ characters to the big screen for their first-ever cinematic adventure. Released on May 22, 2026, Jon Favreau directed the film. The blockbuster follows bounty hunter Din Djarin and his little apprentice as they navigate a dangerous galaxy where remnants of the fallen Galactic Empire still linger.

The internet's favorite horror comes to life in A24's Backrooms, which opened in theaters nationwide on May 29, 2026. Directed by 20-year-old YouTube sensation Kane Parsons, the film marks a historic, record-breaking box office debut for the studio. The chilling psychological horror story begins when a mysterious portal appears in a furniture showroom, pulling characters into an endless, unsettling yellow maze that has left

Tom Holland swings back into action in Spider-Man: Brand New Day, hitting theater screens on July 31, 2026. Directed by Destin Daniel Cretton, this highly anticipated Marvel Studios release picks up years after the multiverse-shattering events of his last film, finding Peter Parker living a lonely, full-time superhero life in a New York City that has forgotten his name.
