By: Evelyn R, Monze G

Did you know Mr. Ward is Fremont's favorite teacher? Today we will be giving you 8 fun facts about him. Mr. Ward thinks students chose him because of his positive energy, his style, and is always willing to work with his students as long as they give him 100% effort. 3 fun facts about him is that he graduated from Hueneme high school, his first teaching job was at the high school he went to, and he likes travel. Mr. Ward's favorite sport is football and his favorite team is Philadelphia Eagles. If he could live anywhere in the world he would choose Oxnard because he likes the weather. He has had several jobs before teaching and his first job was working at a taco bell when he was in high school, banking, retail jobs, security, mortgage but his favorite job out of all of these is PE. The schools he went to growing up were EO Green Hueneme High School, San Diego State, California State Northridge. When Mr. Ward was a kid he was pretty much as he is now, got good grades, always tried to do good school but also tried to make things fun.

### Interview with Noah

By Jocelyn C and Genesis A

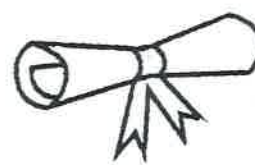

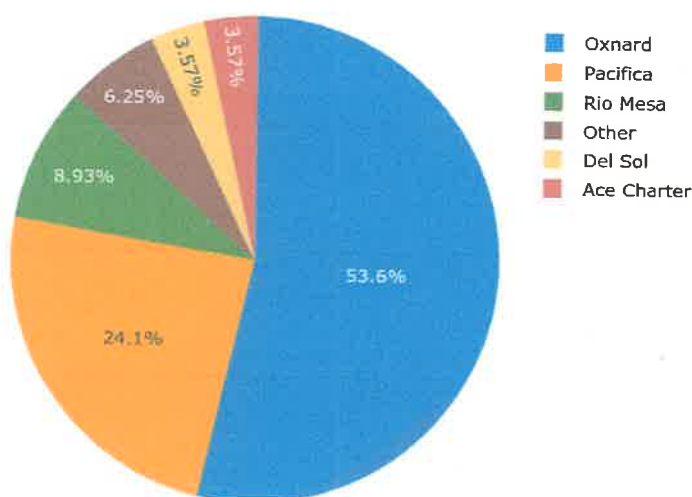

Noah says her favorite part of eighth grade was making memories with her friends. She says her teachers had the biggest impact on her because they always encouraged her to do her best. This year, Noah learned that she can make new friends and become more confident. One challenge she faced was losing a friendship, but she overcame it by meeting new people and staying positive. Looking back, she feels she has become kinder, improved her grades, and developed a better attitude. Noah describes high school in three words: exciting, challenging, and scary.
