

ORTHOPAEDIC ASSOCIATES OF WISCONSIN

DIRECT ORTHOPAEDIC CARE

FAST. HIGH-QUALITY. NO COST TO YOU.

Elmbrook Schools
become what's next

WHY OAW

Orthopaedic Associates of Wisconsin provides immediate access to high-quality orthopedic care.

✓ Board-certified orthopedic specialists
✓ Short appointment wait times
✓ On-site imaging, MRI, physical therapy, and surgery center
✓ Comprehensive care under one roof

YOUR OUT-OF-POCKET COSTS

- Orthopedic Clinic Visit: $30 copay
  Includes evaluation, X-rays, splinting, casting, and durable medical equipment (DME) when medically necessary.
- Physical Therapy Visit: $20 copay per visit
- MRI: $30 copay

HOW IT WORKS

1. **Schedule:** Book at any OAW location
2. **Identify:** Tell us you are a Elmbrook SD employee
3. **Verify:** Present your employee insurance verification card
4. **Receive Care:** See a specialist

ORTHOASAP WALK-IN CARE

When injuries happen, you don't need to wait for an appointment or visit the ER. OrthoASAP provides immediate access to orthopedic specialists who treat bone, joint, and sports injuries quickly and efficiently.

- Walk in, no appointment needed
- Open 7 days a week
- On-site X-ray and imaging
- Care provided directly by orthopedic specialists
- No orthopedic follow-up required after urgent care or ER visit
- $30 copay for Elmbrook School District employees

COMMON ORTHOPEDIC CONDITIONS WE TREAT

Orthopaedic Associates of Wisconsin treats a wide range of musculoskeletal conditions affecting the bones, joints, muscles, tendons, ligaments, and nerves. ***The conditions listed below represent some of the most common diagnoses we see but are not a complete list.*** If you have questions about a specific injury or condition, please contact our scheduling office to discuss your needs.

Spine & Back Conditions

- Low back pain
- Mid and upper back pain
- Neck pain
- Sciatica
- Herniated or bulging discs
- Degenerative disc disease
- Lumbar or cervical radiculopathy (pinched nerves)
- Spinal stenosis
- Spondylolisthesis
- Sacroiliac (SI) joint dysfunction
- Compression fractures of the spine

Shoulder Conditions

- Shoulder pain and instability
- Rotator cuff tears or tendinitis
- Shoulder impingement
- Frozen shoulder (adhesive capsulitis)
- Labral tears
- Biceps tendon injuries
- Shoulder arthritis
- AC joint injuries or arthritis

Elbow Conditions

- Tennis elbow (lateral epicondylitis)
- Golfer's elbow (medial epicondylitis)
- Elbow bursitis
- Cubital tunnel syndrome
- Tendon injuries
- Elbow fractures or trauma

Hand & Wrist Conditions

- Hand, wrist, and finger pain
- Carpal tunnel syndrome
- Trigger finger
- De Quervain's tenosynovitis
- Ganglion cysts
- Dupuytren's contracture
- Thumb arthritis (CMC arthritis)
- Wrist tendinitis or sprains

Hip Conditions

- Hip pain
- Hip arthritis (osteoarthritis)
- Trochanteric bursitis
- Hip bursitis
- Labral tears
- Hip tendon injuries

Knee Conditions

- Knee pain
- Knee swelling
- Knee arthritis
- Meniscus tears
- ACL and other ligament injuries
- Patellofemoral pain
- Patellar instability or dislocation
- Knee bursitis

Foot & Ankle Conditions

- Foot and ankle pain
- Shin pain
- Plantar fasciitis
- Achilles tendinitis or rupture
- Ankle sprains
- Toe pain and deformities
- Foot and ankle arthritis

Sports & Work-Related Injuries

- Muscle strains and ligament sprains
- Tendinitis and other overuse injuries
- Joint instability
- Fractures and dislocations
- Acute sports or workplace injuries

Nerve Conditions

- Numbness and tingling in the hands or extremities
- Carpal tunnel syndrome
- Cubital tunnel syndrome
- Other Nerve compression syndromes
- Pinched nerves in the neck or back

Non-Surgical Treatment Options

Many orthopedic conditions can be treated without surgery. Treatment options may include:

- Physical therapy (PT)
- Occupational therapy (OT)
- Dry needling
- Return-to-sport testing
- Corticosteroid injections
- Epidural steroid injections for back and neck pain
- Facet joint or nerve root injections
- Sacroiliac (SI) joint injections
- Bursa and tendon injections
- Trigger point injections
- Ultrasound-guided injections
- Bracing and durable medical equipment
