Entering 6th Grade Math Summer Assignment

2026

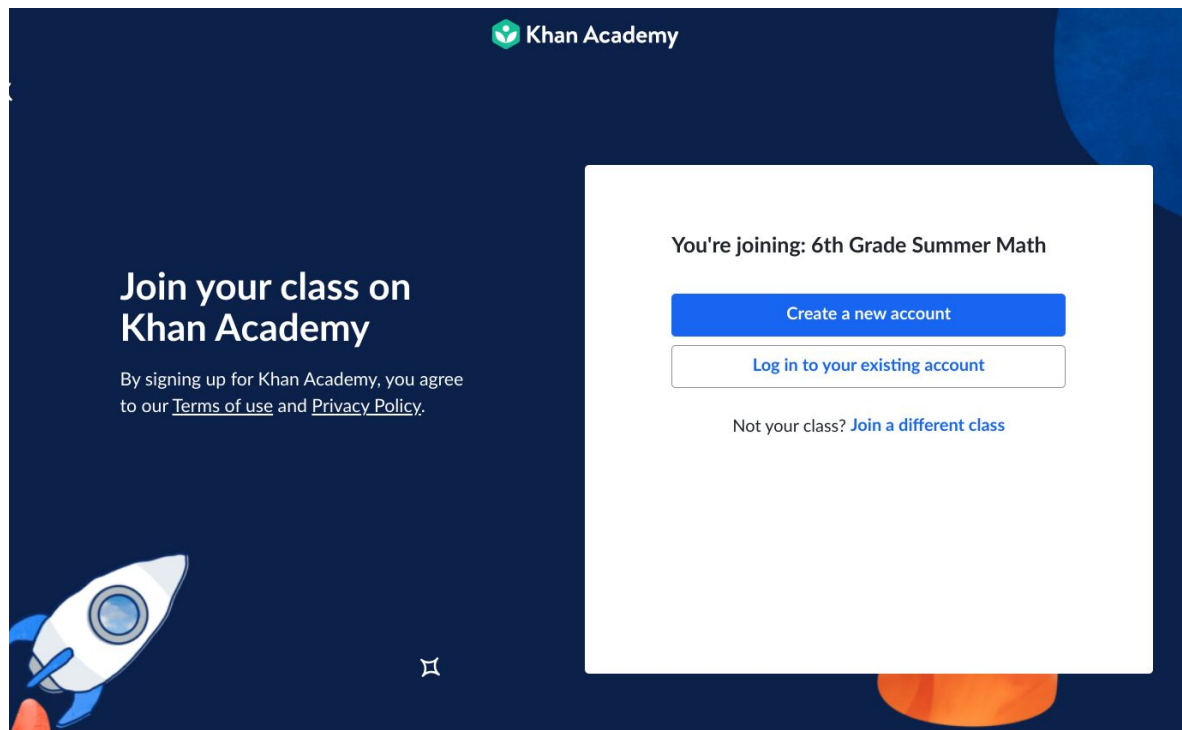

Summer Work

- Follow the directions on the next slide to join the Khan Academy Classroom.
- Work for a total of 20 minutes of practice per week. *If this is not possible with your summer schedule, then please stack the minutes however works best.*
- These are some of the units the students will work on:
 - Ratios, rates, and percentages
 - Arithmetic operations
 - Negative numbers
 - Equations, expressions, and inequalities
 - Geometry

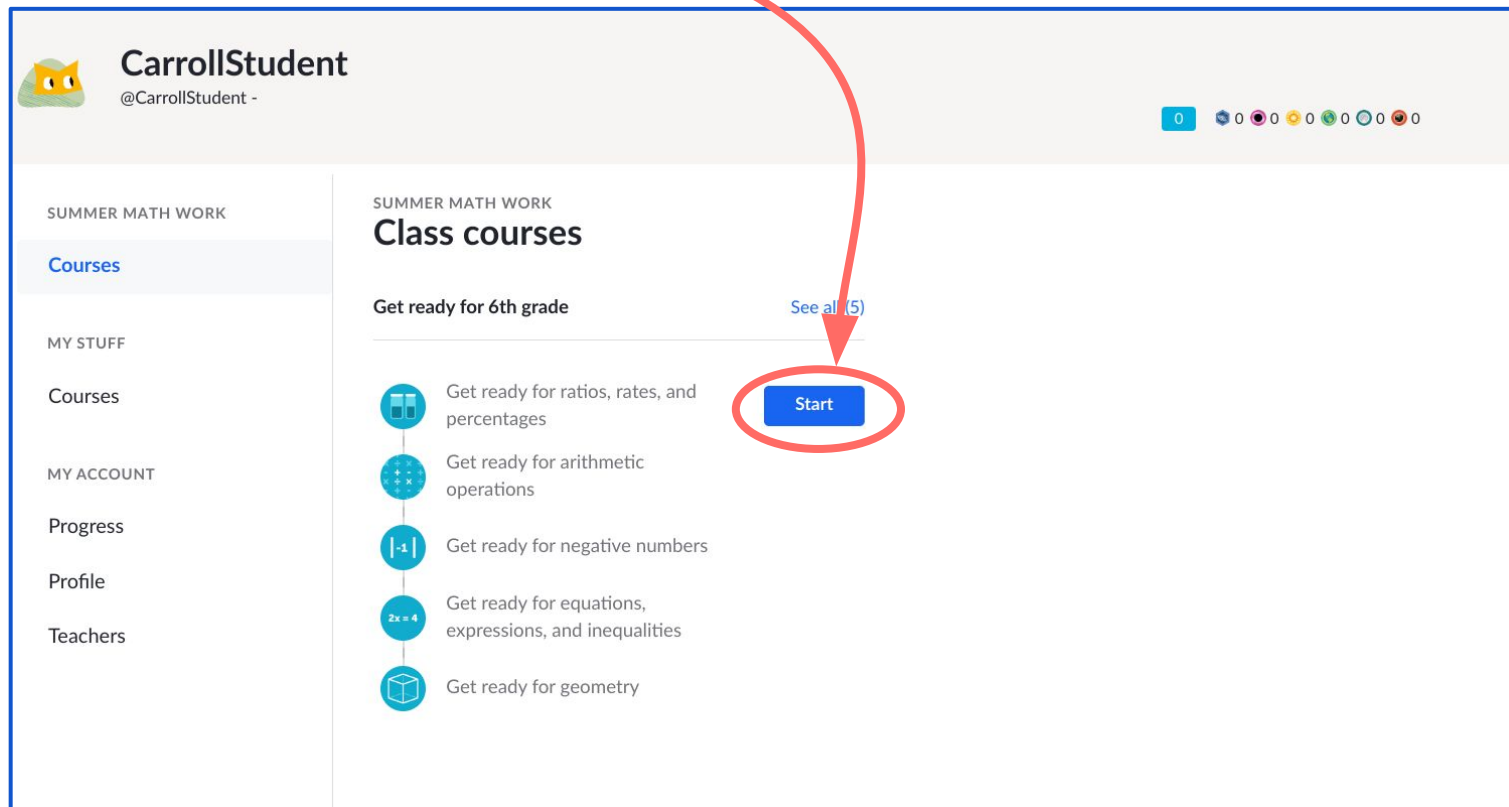

Click on or Copy and paste this link: <https://www.khanacademy.org/join/WUKD7MJ7>

It will bring you to this screen.

Or go to www.khanacademy.org/join and enter your class code WUKD7MJ7.

Click **Start** and work through the skills for a total of 20 minutes of practice per week.

The screenshot shows the CarrollStudent dashboard. At the top left is the CarrollStudent logo and name. Below it is a sidebar with navigation links: SUMMER MATH WORK, Courses, MY STUFF, MY ACCOUNT, Progress, Profile, and Teachers. The main content area is titled 'Class courses' and features a section 'Get ready for 6th grade' with a 'See all (5)' link. Below this are five course cards, each with an icon and a description. The first card, 'Get ready for ratios, rates, and percentages', has a blue 'Start' button highlighted by a red circle and a red arrow pointing to it from the text above.

Entering 6th Grade Math Summer Assignment

2024

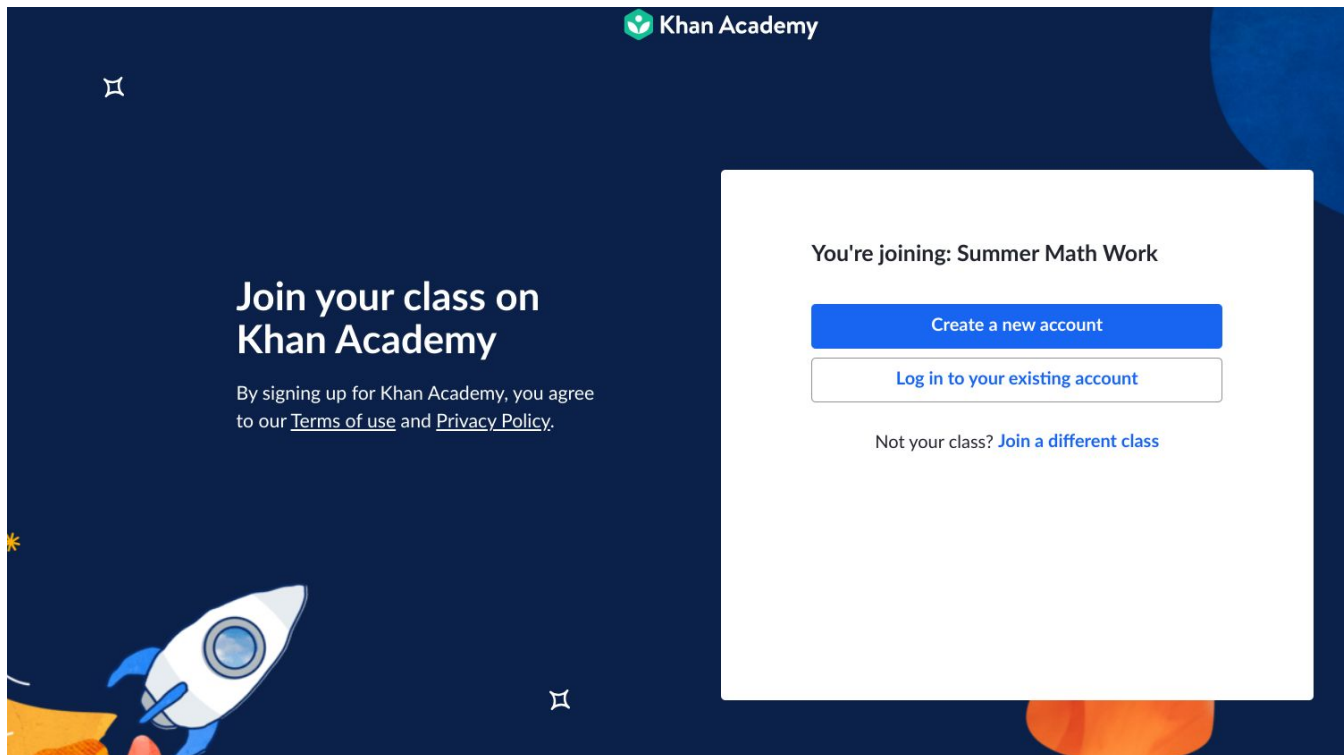

Summer Work

- Follow the directions on the next slide to join the Khan Academy Classroom.
- Work for a total of 20 minutes of practice per week. *If this is not possible with your summer schedule, then please stack the minutes however works best.*
- These are some of the units the students will work on:
 - Ratios, rates, and percentages
 - Arithmetic operations
 - Negative numbers
 - Equations, expressions, and inequalities
 - Geometry

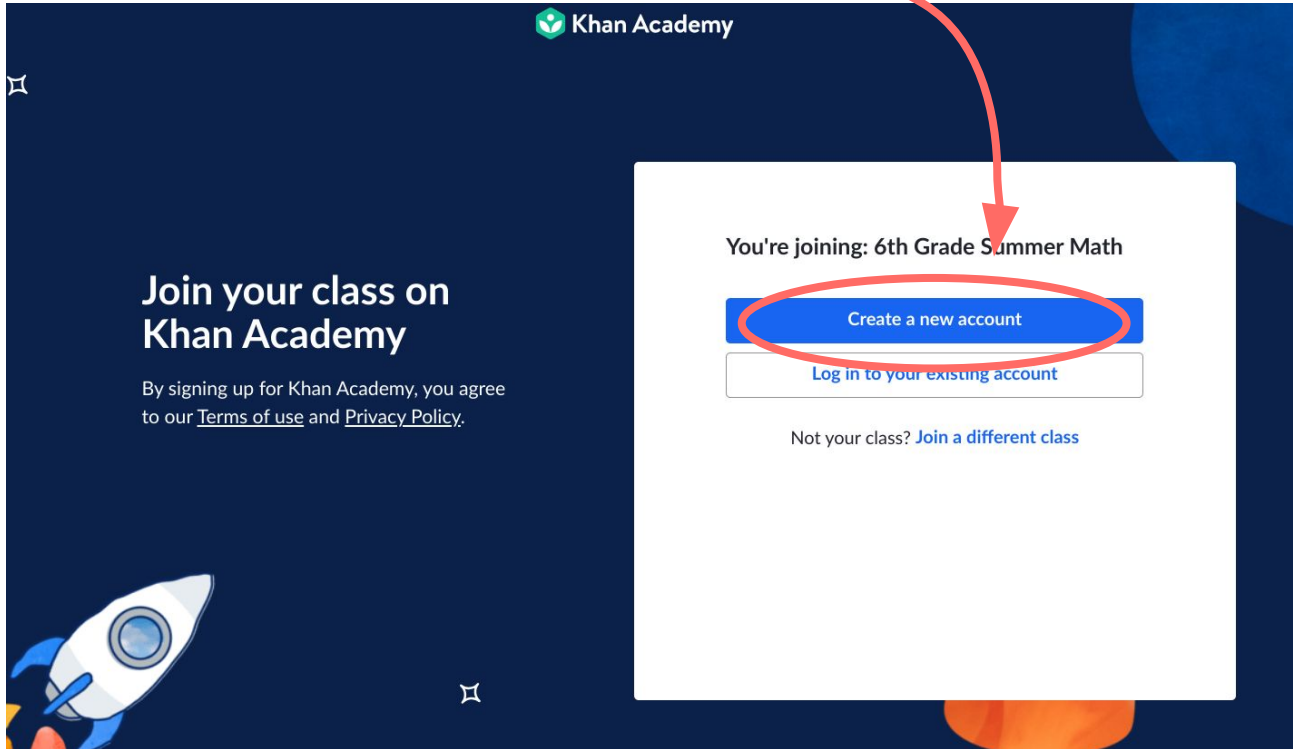

1. Click on or Copy and paste this link: <https://www.khanacademy.org/join/WUKD7MJ7>

It will bring you to this screen.

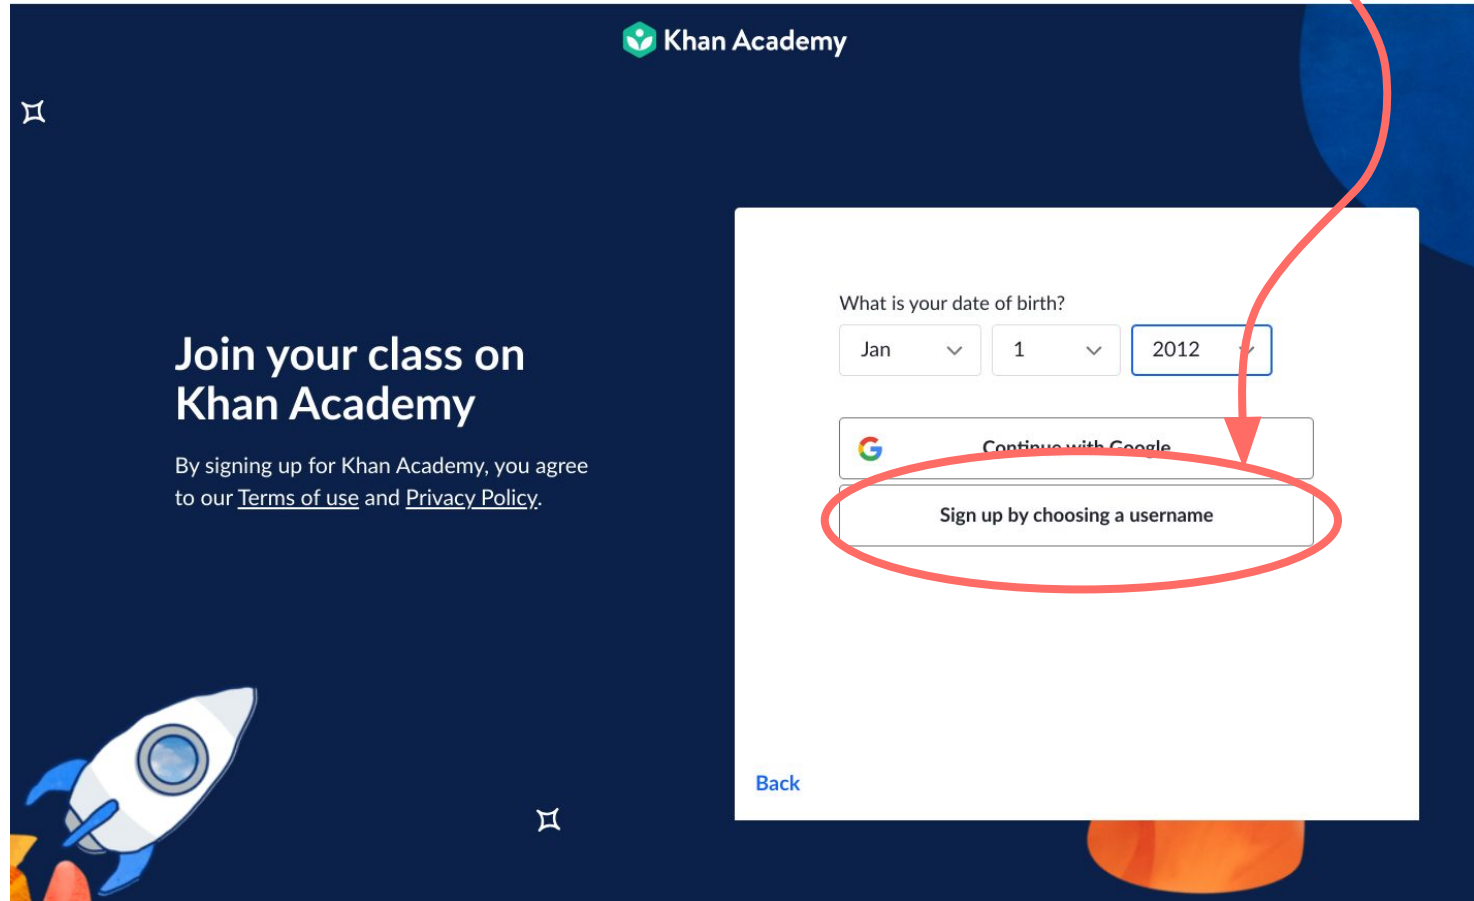

Or go to www.khanacademy.org/join and enter your class code WUKD7MJ7.

2. Select **"Create a new account"**.

3. Add your birthday & click **"Sign up by choosing a username"**.

The image shows the Khan Academy sign-up interface. At the top, the Khan Academy logo is visible. The main heading is "Join your class on Khan Academy". Below it, a message states: "By signing up for Khan Academy, you agree to our [Terms of use](#) and [Privacy Policy](#)." The sign-up form includes a date of birth selector with three dropdown menus: "Jan", "1", and "2012". Below the date selector are two buttons: "Continue with Google" (with a Google logo) and "Sign up by choosing a username". The "Sign up by choosing a username" button is circled in red, and a red arrow points from the text in the instruction above to this button. A "Back" link is located at the bottom left of the form.

4. Choose a username

Use letters and numbers only. For safety, don't use your real name.

5. Create a password

Passwords should be at least 8 characters long and should contain a mixture of letters, numbers, and other characters.

A screenshot of the Khan Academy sign-up page. The background is dark blue with a rocket ship illustration on the left and a moon on the right. The Khan Academy logo is at the top right. The main heading is "Join your class on Khan Academy" with a subtext: "Join Khan Academy to get personalized help with what you're studying or to learn something completely new. We'll save all of your progress." On the right, there is a white sign-up form titled "Sign up". It has two sections: "Choose a username" with a text input field containing "Carroll Test", and "Create a password" with a text input field containing eight dots. Below the password field is a "Back" link and a blue "Sign up" button.

Make sure to write down your password and keep it in a safe place.

6. Click **Start** and work through the skills for a total of 20 minutes of practice per week.

The screenshot shows the CarrollStudent dashboard. At the top, the user's name 'CarrollStudent' and handle '@CarrollStudent' are displayed next to a cat icon. A row of social media icons is visible on the right. The left sidebar contains navigation links: 'COURSES MATH WORK', 'Courses', 'MY STUFF', 'Courses', 'MY ACCOUNT', 'Progress', 'Profile', and 'Teachers'. The main content area is titled 'SUMMER MATH WORK' and 'Class courses'. Below this, a section 'Get ready for 6th grade' features a 'See all (5)' link and a list of five math topics, each with an icon and a 'Start' button. The first topic, 'Get ready for ratios, rates, and percentages', has its 'Start' button circled in red. A red arrow points from the 'Start' button in the instruction text to this circled button.
