Also in attendance:

- Policy 716 - Integrating Pest Management
  - Our policy was last updated February 2002
  - This policy was updated by PSBA to provide additional context regarding requirements for integrated pest management, including timeframes for when notification of pesticide applications must be made and for how long signage must remain in place post-application.
  - The requirement for integrated pest management to be incorporated into the curriculum was removed due to the expiration of this provision in the state's academic standards.
  - The definition of integrated pest management was updated to align with the state regulations.
  - This policy is recommended for legal liability purposes
  - The committee supports this policy moving to the June agenda for the consideration by the full board.

- PSBAs Platform Transition from BoardDocs to PSBA Policy Portal and Keystone Agenda
