- Food Services Department Report
  - 1. After accessing the food service account, we recommend not increasing meal prices for the upcoming 2026/2027 SY. Reminder: these meal prices are only charged when students decide to purchase a second breakfast or lunch meal and for staff meals.
  - 2. Northern Lehigh is eligible for CEP for the upcoming 2026-2027school year where students will receive universal district wide free breakfast and lunch. Next school year will be year 3 out of a 4 year cycle. Our ISP% (Identified student percentage) 2 years ago was at its highest percent of 50%. After factoring the 1.6 multiplier our reimbursement would break down to 80% reimbursement at the highest price per meal rate, and 20% reimbursement at the lowest price per meal rate. We are able to continue the 80%/20% reimbursement ratio for 2 more years. If we were to try and re-start our 4 year cycle based off of our current years ISP% which is 45%, after the 1.6 multiplier our reimbursement percentage

would lower by 8% to 72% reimbursement at the highest price per meal rate, and 28% reimbursement at the lowest price per meal rate. Therefore it is advantageous for us to continue the current CEP cycle at the overall higher reimbursement rate per meal, rather than reset our 4 year cycle. It is recommended to continue the current cycle at this time and reassess our ISP% again each year.

- Budget Presentation
    - Moving forward with all budgetary options, as presented, to be included in the 2026-2027 budget for final consideration at the June 8, 2026 board meeting with the exception of the elimination of the $5000 Slatington Library donation and the Secondary band/instructional teacher.
