

PARENT & CHILD CLASSES

The Learning Garden classes provide an opportunity for parents, grandparents, or other caregivers to engage together with their child in meaningful, age-appropriate activities in a supportive, play-based environment. Activities include music and movement, pretend play, sensory exploration, learning centers, gross motor outdoor play, arts and crafts, and circle time. These activities are carefully designed to support every aspect of a child's growth, including cognitive, emotional, social, and physical development, while also providing parents and caregivers with valuable tools and insights to help guide their child's learning journey. Adults have the opportunity to share experiences, ask questions, and exchange ideas in a welcoming, nonjudgmental environment. Note: When families are enrolled in the 3-4 and 3.5-5 year-old programs, caregivers can attend with the child one day and drop off the child on another day, helping to ease the transition to full time school.

THE LEARNING GARDEN - FALL 2026

Parents must register in Room 301. A \$100 deposit is required to hold your spot. The remaining balance is due Friday, August 14, 2026. Immunization records are required the first day of school. No siblings over four months old are allowed.
