Principal's Message

It is with great honor that I recognize and celebrate the graduating Class of 2026! Today marks the culmination of an educational journey that began many years ago in kindergarten classrooms near and far. As you prepare to depart from Palo Verde High School, I encourage you to reflect on the extraordinary growth you have experienced. You are no longer the shy and uncertain individuals who first walked through our doors as freshmen. Over the past four years, you have faced challenges and celebrated triumphs that have shaped who you are today. You leave with meaningful accomplishments, many of which may once have seemed out of reach, and with the skills and confidence to take your next steps without us. As you embark on this next chapter of your lives, do so with purpose, integrity, and kindness. Let these qualities guide your actions, and always strive to make a positive impact on the world we share.

The administration and staff at Palo Verde High School will always hold a special place for you in our community, and we extend our sincerest wishes for your continued success and fulfillment in all that lies ahead.

Congratulations, Seniors!

A Final Message from the Class of 2026

Over the years we have grown so much in our experiences and relationships. As we take a big step forward, I hope we can all look back on the Senior Class' community and events, and remember those good final memories of our high school days. Those moments would have not been possible without all of our amazing student leaders, clubs, and staff members who have guided us on campus, and the parents, community members, and support systems who have supported our journey as well. We spent four years figuring ourselves out, and now we finally get to start the life we have been dreaming of!

- Aaliyah Pacheco, Senior Class President

Once a Panther, Always a Panther!

The members of the Class of 2026 respectfully request that parents, family members and other guests refrain from unnecessary noise and disruptions during the graduation ceremony. It is the desire of the class that all graduates be honored equally and that all family and guests give them the dignified ceremony they have earned. With this goal in mind, we ask your cooperation in maintaining order during the ceremony, especially during the presentation of diplomas.
