Student Travel

I. Purpose

This policy defines the process and parameters for school district student-related travel, to include, but not limited to, academic, athletic, music, arts, and activities travel. The district supports student travel beyond the classroom and areas of competition that are properly planned, well-organized, conducted in an orderly manner and safe environment, and are carefully supervised. The goals of the experience should align to the district's educational competencies and content standards and follow all applicable state and federal laws.

II. General Statement

The processes and procedures for the planning and approval of student travel-based learning experiences will be prepared by administration and be attached as appendices to this policy. Administration, including the relevant building principals, will be responsible for enforcing these processes and procedures.

III. Definitions

For purposes of this policy, the definitions included in this section apply.

A. "Staff Coordinator" is the school district employee responsible for the experience. The staff coordinator may be a head coach, teacher, administrator, or activities advisor.

B. Travel Category

1. "Extended travel" is travel that involves one or more overnight stops. Extended travel may be instructional or supplementary. An extended travel request form must be completed and approved.
2. "Instructional travel" is travel that takes place during the school day and is required as a part of a basic education program or course, which could include students completing assignments and/or a learning assessment.
3. "Supplementary travel" is optional travel in which students voluntarily participate, which enhances a basic education program or course. Travel may take place during or outside the regular school day.

Examples of student travel in this category include class activities and district-sponsored activities for clubs, teams, and other district recognized and approved special interest groups.

C. Travel Distance

1. "International travel" is defined as travel to Hawaii, Alaska, or otherwise outside of the 48 contiguous states.
2. "Local travel" is defined as travel that occurs within, or immediately adjacent to, the nine-county, Twin Cities metropolitan area.
3. "National travel" is defined as travel that occurs within the 48 contiguous states, but outside the definition of regional travel."
4. "Regional travel" is defined as travel that occurs within 700 miles of the Twin Cities metropolitan area, but outside the definition of "local travel."

IV. Guidelines

- Rules of conduct and discipline for students and employees will apply to all student trip activities.
- The school district will make efforts to ensure that all student travel is as inclusive as possible for participants with disabilities, in accordance with the Americans with Disabilities Act (ADA), and will attempt to make reasonable accommodations, as requested. For extended travel, including most international travel, the district will have limited control over the facilities and accommodations. The district will not be able to make accommodations that would fundamentally alter the nature of the travel experience or would result in what the ADA refers to as an undue burden. In such situations, the district will communicate these circumstances to parents/guardians and participating staff.
- In the interest of providing lower cost opportunities for students, a regional or national travel-study experience with similar educational objectives will be offered to students in the prior, same, or following school year as an international trip.
- Employees may not enter into contracts or agreements with commercial agencies without formal district approval. As such, all travel experiences must meet the expectations outlined in this policy.

Appendix I to Policy 538

Extended Travel

- The process to obtain extended travel permission is:
 - A. An employee submits an [Extended Field Trip and Travel Application](#) (a copy of which is at the end of this appendix) to the building principal. The travel is approved or denied.
 - B. A tentative travel proposal is required for all extended travel. It is intended to provide the superintendent, building principal, extended travel coordinator, and/or other designee(s) with background information about the proposed travel. The tentative travel proposal should include the following information:
 1. Purpose of the experience as it applies to the guidelines;
 2. Goals of the experience and alignment to educational competencies and content standards;
 3. Pre-travel requirements and/or proficiencies;
 4. Name of the staff coordinator;
 5. Number of participants involved;
 6. Ratio of participants to chaperones;
 7. Destination;
 8. Schedule of experience, including dates and school days missed;
 9. Mode(s) of transportation;
 10. Travel company;
 11. General provisions for the safety of the students while on tour (e.g., the number of chaperones, their responsibilities);
 12. Lodging and meal arrangements, which includes accommodations made for students with dietary restrictions and food allergies to be outlined after roster is complete;
 13. Method of financing, including estimated cost to each student, and a fundraising framework plan;
 14. A summary of the number of similar trips the staff coordinator and organization has experienced, and the number of incident reports generated each year; and
 15. A detailed overview of the insurance offerings for families, in addition to an intentional communication plan to ensure families understand the insurance offerings.

TRAVEL PROPOSAL APPROVAL SCHEDULE

Local, Regional Travel – Building Administration	2 months in advance
Extended, Regional Travel* – Building Principal	4 months in advance
Extended, National Travel* – Building Principal (once approved forwarded to superintendent for approval)	4 months in advance
International Travel – School Board	12 months in advance

*Notification of approved extended travel is provided to the school board following the schedule above.

C. The approval criteria to approve or deny the travel proposal includes, but is not limited to:

1. The experience's purpose, goals, and any pre-requirements for participation;
2. The ability of all students to participate in the experience, including opportunities for fundraising, scholarships, and/or financial assistance;
3. Ability level of the group, as determined by the advisors or coaches;
4. The ability of the group to serve as a role model for the district;
5. The amount of parent/guardian or booster club support services; and
6. The impact on school attendance by participants, with a general guideline of two school days of approved absence and no conflicts with major exam schedules.

D. The final travel itinerary is required to be approved by the board for any extended travel that has significant changes to the originally approved itinerary. Significant change could include, but is not limited to, a change in destination, mode of transportation, and/or length of trip.

E. Coordinating the travel agency and the parents/guardians of participants to ensure cancellation refunds are consistent with these timelines (if applicable).

II. Travel Guidelines

A. Costs

1. Travel arrangers will seek to make students' travel costs affordable for all students, while placing value on students' (a) safety; (b) experience, including travel-based learning goals; and (c) accommodations. Travel insurance will be offered, clearly communicated, and strongly encouraged for families to purchase. Students' travel costs will be as inclusive as practical for the experience, with limited out-of-pocket expenses. An estimate of out-of-pocket expenses will be stated. Students will be responsible for all travel costs.
2. A competitive bid process, following the process outlined in district policy, will be considered for travel and lodging expenses for international and national travel. Travel bid awards will be reviewed for safety, cost, experience, and accommodations. Careful consideration will be made by the staff coordinator, the extended travel coordinator, and building administration regarding these criteria before a bid will be awarded.
3. For national and international travel, parents and guardians should be provided with written details of the experience and travel advisory updates on a regular basis throughout the planning and preparation period and be given the opportunity to provide input prior to submission of the final travel itinerary.

- B. If an experience anticipates returning students later than 1:00 AM via bus, van, or other motor vehicle; the staff coordinator must secure additional overnight lodging and return the next day. Vehicular transportation cannot occur overnight. Extended travel which varies from the travel procedures requires extended travel coordinator, administrative, and school board approval prior to finalization of pre-travel plans with participants.
- C. The school district reserves the right to cancel or postpone international travel if travel alerts and/or warnings are issued by the U.S. Department of State's Bureau of Consular Affairs. The district will consult with the travel company involved prior to making such a decision. The district assumes no responsibility for refunds when making decisions on travel changes due to students' safety and security. The district has no obligations to check or monitor such alerts and/or warnings.

D. Fundraising and Financial Support

Groups that are planning to travel must develop a detailed fundraising plan, in accordance with district policy, that ensures adequate funds exist to allow all interested students to participate. Opportunities must be provided for the student to earn all or part of the necessary funds for a travel-based learning experience. This fundraising plan must be submitted to the building administration with the notice of intent to travel in section I.C. for their approval prior to dissemination of these plans to the students and parents/guardians. Financial assistance will be sought from the group's funding plan or other potential funding sources.

The district will seek partnership with financial host agencies to establish a student travel scholarship program for students with identified financial need. Funds for this support will come from private donations, fundraising events, and fees. The extended travel coordinator will oversee this program.

E. Participation

1. In order for the experience to be a worthwhile venture, it is important for a fine arts ensemble, athletic team, or group to have enough participants, with sufficient skills for the activity, to commit to the experience. The proper skills and balance is determined by the staff coordinator. Since regional, national, and international travel are not mandatory, no student will be penalized in their team placement if they do not wish to participate in a travel-based experience.
2. Students may participate in public performance opportunities within the local travel area given the opportunity is approved by the building administration, has the support of the staff member involved in the specific program, and has broad-based support among the student group. Financial viability should be the responsibility of the district, as the only anticipated cost for such performance opportunities is the transportation cost associated with the use of the district buses.

F. Home Stays for Extended Travel

Home stays for extended travel may be permitted if approved by the administration at the proposal phase of the experience, and if the following criteria also are met:

1. The home stay is approved by the international provider, who is approved by the district administration;
2. The district chaperones make daily contact with students during their stay;
3. The parent or guardian signs off in support of their child's home stay prior to the experience; and
4. Whenever possible, the home stay will have two or more district students in each home.

G. Health-Related Services

The administrator will act in the best interest of the students' health, safety, and welfare during student travel.

District staff may be required to dispense medication to students. The medication will be stored and administered in accordance with district policy. Medication will be dispensed only in accordance with district policies by an adult trained by a licensed school nurse from the district or a person of comparable training (i.e., doctor, physician's assistant).

H. Insurance

Parents and guardians are strongly encouraged to carefully review the insurance offerings provided by the travel company the district is partnering with to ensure understanding of all costs and benefits involved. Parents and guardians are also encouraged to explore the adequacy of health and/or accident insurance coverage to cover medical needs away from home, especially when students are abroad. The district is not responsible for financial losses to students and parents/guardians due to cancellation of trips.

I. Financial Report

A financial report for national and international travel will be made to the building administration by the staff coordinator no later than 60 days after the completion of the experience.

Course/Travel Experience:

Students on an extended travel experience approved by the Edina Public Schools (EPS) are to realize that:

EPS assigned travel coordinator(s) have the normal authority given to classroom teachers and the accompanying administrative designee has the authority of a building or district-level administrator. School administration and the EPS superintendent will be notified of all policy violations that occur during the travel experience.

To ensure that the student and the parent/guardian understand travel-related behavior expectations, all travel coordinators will review certain policies and the consequences of any policy violations. Student participants and their parent/guardian are to initial below that each policy was clarified and that their policy questions were answered prior to the travel experience.

Edina Public Schools Medication Authorization Procedures

Whenever possible, the parent or guardian should make arrangements so that it is not necessary for school personnel to administer medication to a student while at school. When medication is necessary during school hours, our intention is to insure the health and safety of your student. Thank you for your cooperation.

Each year, the following must be followed when sending any prescription or nonprescription medication to school:

1. **A completed parent/guardian signature and consent** authorizing school personnel to administer medication. Medications will NOT be administered or accepted until signed medical orders AND signed parental consent are provided to the health office.

2. **A written order from the physician** with instructions for all medications, prescription and over-the-counter. The order may be faxed to the school.

3. **The original pharmacy labeled container.** For prescription medications, the pharmacist can supply a labeled container, one for home and one for school. The pharmacy label must have the following:

- Student full name,
- Physician name,
- Medication name and dosage,
- Time and directions for administration,
- Current date.

4. **New medication consent form is required when:**

- The dosage or time of administration is changed
- At the beginning of each school year
- If discontinued medication is restarted. The parents/guardians must notify the school in writing when the medication is discontinued.

5. **Storage:** Medication to be administered at school will be stored in the Health Office. Exceptions are students who may carry an asthma inhaler or epinephrine, if they have a written doctor's order and written parental permission to do so and have demonstrated to the school nurse competency in administration.

6. **End of Year/Programming Medication Pickup and Disposal:** At the end of the school year or programming, all medications must be picked up in the health office by the parents/guardians or responsible adult. Parents/guardians are encouraged to dispose of unwanted medications properly. More information can be found at [MN Pollution Control Website](#). EPS will dispose of unclaimed medications following proper guidelines.

7. **Half Tablets:** Health Services staff are not responsible for breaking tablets in half. When there is a physician order to give one-half of a tablet, talk with your pharmacist.

8. **Field Trips / Extended Learning:** Complete the field trip question on the Authorization for Medication Administration form. Additional consent will be necessary for overnight and extended trips. Health Services staff do not routinely accompany students on field trips and a teacher may be responsible for administration of medication.

9. **Standard Medications:** Health Services staff will only administer medication that is listed and described in the Standard Physician's Desk Reference (PDR).

10. Requests for reasonable accommodations and modifications will be evaluated on a case-by-case basis as necessary to accommodate students with disabilities consistent with applicable law.
