UNEARTH A STORY™

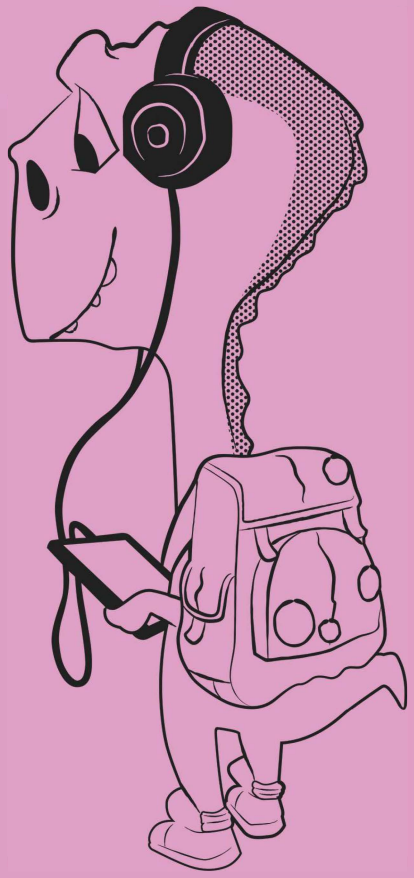

MARET UPPER SCHOOL

SUMMER READING LIST 2026

The Library Department joined the Collaborative Summer Library Program (CSLP) once again. Our participation in CSLP demonstrates our dedication to enriching the Maret community's summer reading lists. CSLP is a 501(c)(3) nonprofit organization that exists to make summer programming meaningful and accessible to all library patrons. They provide the tools and resources to run a summer program successfully for all participating libraries. Many public libraries in the DMV are members and use their content. We utilized CSLP resources to curate and customize summer reading collections for each division.

Over summer break, the Library Department invites the Maret community to *Unearth a Story*. The curated titles on the Maret Upper School Summer Reading List 2026 were selected to spark curiosity and encourage students to explore new worlds through reading. Whether uncovering hidden histories or exploring the past, these recommended titles aim to inspire upper school students to discover the joy of reading for pleasure and adventure.
