

Request for Proposal (RFP)

Sinkholes on Football Field

Background

Halifax County Schools is soliciting proposals for the investigation, repair, and stabilization of sinkholes located on the Southeast Football Field. The project is intended to restore safe field conditions, prevent further ground subsidence, and protect school property and infrastructure.

Objective

To investigate, remediate, and stabilize sinkholes on the Southeast Football Field to provide a safe and reliable athletic facility for students and the community.

Request for Proposal (RFP)

Pre-Proposal Meeting

A mandatory pre-proposal meeting and site visit will be held on June 19, 2026, at 9:00 a.m. at the Southeast Football Field 16683 Highway 125 E Halifax, . Interested firms will have the opportunity to inspect the sinkhole areas, review existing site conditions, and ask questions regarding the scope of work.

Scope of Work

The contractor shall provide all labor, equipment, supervision, testing, engineering coordination, and materials necessary to:

- Investigate the extent and cause of sinkhole activity.
- Excavate and remove unsuitable soils.
- Install approved fill materials and compaction measures.
- Stabilize affected areas to prevent future subsidence.
- Restore the football field surface and surrounding disturbed areas.
- Ensure proper drainage and grading of repaired sections.
- Provide all required testing, reports, and documentation verifying stability and compaction.

The contractor shall provide a complete turnkey project in accordance with all applicable local, state and federal regulations.
