Pine-Richland School District

Focused on Learning for Every Student Every Day

Campus Transportation Update

Dear Pine-Richland Families,

The Pine-Richland School District is committed to maintaining a safe environment for all students, staff, and community members. **Due to the recent increase in e-vehicles on our campuses, the district is implementing a new communication and signage plan to address growing safety concerns**.

Permitted and Prohibited Vehicles

Under the updated guidelines and **Policy 223**, students are permitted to ride traditional bicycles and pedal-powered e-bikes to campus for school, provided they have permission from their parents and the building principal. These vehicles must be secured at designated bicycle racks and are not to be driven elsewhere on school grounds.

All other e-vehicles are strictly prohibited.

This includes, but is not limited to, e-scooters, golf carts, e-motorcycles, and go-karts. These measures are necessary because our campuses remain active after school hours with students, families, and young children participating in various events. This information will be included in the 2026-2027 Pine-Richland Discipline Code.

Enforcement and Campus Use

To ensure compliance, violators will receive an initial warning and may be cited for subsequent violations through our partnership with the Northern Regional Police Department.

Additionally, we must request that families refrain from using school campuses to teach young children how to ride bicycles. While we understand the convenience, the associated safety risks require us to ask families to relocate these activities to off-campus locations.

Thank you for your cooperation.

Sincerely,
Pine-Richland School District Administration
