School-Based Mental Healthcare Services

Scope of Service

To provide comprehensive clinical service for the Park Ridge Public Schools through the Director of Special Services and Child Study team. Provide ongoing collaboration with the administration, teaching, and counseling staff as well as the child study team. Provide a flexible and responsive way of meeting the Park Ridge School District's need for services to improve specific students' functioning, school performance/attendance, and mental health.

Services include:

- Create a unique safe place for students and work together with staff to support students to maintain their functioning and increase their sense of well-being.
- To provide support and intervention with other elementary, middle and high school students.
- To facilitate school clearance when deemed appropriate because of a student's propensity toward self-harm or aggression toward others.
- To work together with staff to provide early identification and support of students at risk to prevent the need for out of district placements.

As the academic year progresses, meetings will be convened regularly with the Park Ridge leadership team and administrative staff to ensure the program is running optimally to meet Park Ridge's needs.

To meet the district's needs, the following scope of service is proposed for this agreement:

1. Provider will dedicate two licensed, Master's level clinician to this project.

While approved by the District, this clinician is an employee of the provider in regard to liability and malpractice insurance. The provider is responsible for payment of all tax, benefits, insurance, and supervision of this employee.

Provider ensures that the staff members are appropriately screened, fingerprinted, and licensed to provide the agreed upon services in a school setting. The licensed clinicians are trained appropriately to work in the school setting. The staff member contracted through this agreement, receives appropriate administrative oversight from the Park Ridge School District and clinical and administrative supervision through the provider as appropriate to his/her role in this program.

These clinicians are dedicated full time, 35 hours/week to this project inclusive of direct time with students and or their parents/families, home visits when needed, consultations, observations, paperwork and supervision. Hours are established mutually with the district and the agency. As part of the full year contract, this clinician will:

- Support students in the extended school year program

 3. The students identified to be seen by a therapist are screened through a process worked agreed upon between the provider and Park Ridge's Director of Special Services.
 4. Typical treatment situations may involve difficult transitions, such as a student returning to the classroom after in-home instruction, or out of district placement. For some student the goal will be to have a safe and positive re-entry into the district school. For other students, the goal would be to prevent further "slipping" in the student's functioning. The on-site therapist is a resource present to assist the

student and prevent or intervene in crisis situations that arise during the school day.

5. Depending on the students' needs, group work to develop appropriate social skills, peer interaction, healthy decision-making, etc., may also be an appropriate intervention, and could be provided by this clinician both in the self-contained classroom and for other students.
6. Counseling sessions to be provided with the students during the school day. The clinician may also conduct family counseling during or after school hours. Such meetings would allow for "real time coaching" and help ensure that certain behaviors and interventions are handled consistently throughout the child's day. Parent educational workshops may also be provided.
7. "Drop-in hours" would also be made available to students, particularly for students with school refusal behaviors, struggling to stay on the school site.
8. On-school site consultation, will be available by a child and adolescent/family specialists for students that would benefit from an additional clinical observation, etc. Classroom observation of specific students and recommendations based upon these observations will be made when requested by the appropriate school administration.
9. In regard to substance abusing students, the therapist will work closely with the school's Student Assistance Coordinator, particularly to identify abuse frequently co-occurring with other mental health problems. The provider would again work with the SAC to provide education, referral and follow-up as needed.
10. In addition to the on-site therapist, additional resources will be available to the district for on-site Professional Development by provider at minimum, on a quarterly basis. This service is included in the contract.
11. Provider to conduct prevention-oriented workshops for both general and special education students and/or their parents to cope better with common issues such as anxiety and stress, or family communication in this digital age of social media. Again, the frequency and topics would be determined with appropriate school personnel and possible parent/ teacher organizations.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

AMERICANS WITH DISABILITIES ACT
Equal Opportunity for Individuals with Disability

The contractor must comply with all provisions of the Americans with Disabilities Act (ADA), P.L 101-336, in accordance with 42 U.S.C. §12101 et seq.

The contractor and the Board of Education (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. §12101 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
