

MEET YOUR 3/4 GR. TEACHER **BRIAN PRENTISS**

About me

Hello! My name is Brian Prentiss, and I'm thrilled to be your child's Third/Fourth Grade teacher this year. This will be my 10th year in elementary and third at MVE. I am ready to get started! This year we will explore many exciting lessons, engaging projects, and grow as a class and community.

Fun Facts

- My family is growing. I have two growing boys.
- I enjoy the outdoors while camping, biking and exploring.
- I love taking pictures.
- I love going on adventures with my family!

Teaching Philosophy

I believe having a supportive and engaging classroom environment is the key to learning. Giving students the time and space to learn at their pace while pushing them towards developing critical thinking skills will ensure they thrive in my class. Empathy and problem solving are also important aspects that we will develop over this year. Let's have a great year!

Contact

You can reach me on ParentSquare or email. I'm available for meetings by appointment.
